Re: Someone needs to start copying and saving Anomaly threads

I use logical deduction to solve puzzles and mysteries.

### Why are the threads deleted and by whom?

**Who would desire that information be suppressed and censored?**

Have a think about that. All the possibilities you can think of from mundane to more far out.

I have studied this site since 2008. Logical Deduction.

What would motivate a person to delete the intel?

What agencies etc would see the information pressured?

How do they instruct the mods on what to delete?

If the intel was not valid the threads would NEVER be deleted.

Only if some of the intel was correct would there be a need to suppress it by those who oppose the Anomaly and the people he is trying to save.

Always use simple logical deduction first. Someone wants it covered up.

Many people have died or disappeared from these threads. Many thought they were Him or Her.

Plenty of people have been experimented on, even if they don't see it themselves. The similarities in backstory and events they experience shows us a connection there. Too coincidental.

They don't like the candidates talking to each other. Once again too many similarities for a rational person to not see a connection and outside interference going on.

Because I speak the truth and I am a threat to the very system, most people don't like it, whether or not they like to hear it or not.. those are the very ones leeching off the system or etc, I truly believe at some point each and everyone of us will have to make a choice whether you obey what your government tells you to do or to have severe consequences whatever it may be,,the system was built for you to rely on it, for example them trying to do away with gasoline vehicles, they could easily control how much electricity you use to charge your vehicle or even cut you off completely so you're out of electricity..it was never about you ,it has always been about control, divide and conquer. They want a population that isn't able to think for themselves and misinformed, take the covid vaccine and the boosters for example..but these are just a few examples..the system is crooked</p>

The good side will win.

Quoting: **Anonymous Coward 77463959**

Good is a Archoinic Psy-op to keep you weak and under their control instead of taking personal control for yourself and defying them.

They invented Good and Evil to screw over people, "let us make you as smart as the Gods who know the difference between good and Evil."

We are both good and Evil rolled into one as human beings.

To reject the Evil side is to be powerless. It sets you free because it can break the rules that Good can't.

Their system jams you up if you are exclusively good. You end up in a situation they engineered where you can't break free unless you break the "good rules".

God is Balanced. That is your example. Unlimited. Good is limited it what it will allow itself to do. Evil can be just as limiting.

A balanced being can do the hard things when required and maintain their integrity.

Don't get sucked into being exclusively good or Evil. You need both to get through this. Time to stop being a child.

Quoting: **Anonymous Coward 83299038**

Wrong. Evil definitely exists. Let me give you an example: pedophiles.

I'll admit though, too many "good" people are actually cowards. They don't realize that evil deserves to be attacked.

Just wait until the ancient Dragon Queens start waking up.

That's when shit is going to start getting real.

The Elohim are trying to lock you all down and fully enslave you before it happens, but soon it will be too late.

	The Dragon Queens will awaken, and with them you will learn what it means to fear Mother Earth.

But I just LOVE all of the destruction scenes in it.

Quoting: **Anonymous Coward 84264905**

- You do not ever tell any human being who has been through troubles "You better forget and move on". You don't get to flash a smile and reset everything. You don't get to order people around either. Learn some manners when you're talking to human beings, else **no one will deal with you..** The West is very close to having the door slammed on it forever.

- You can distribute the new reality if the projects you are thinking of are approved by the Janitor Dept.

So come and cooperate as equals, but don't expect anyone to do PR for your projects, until we build something that everyone is happy with.

Looking forward, as soon as you provide cash money and non-manipulative assistance, you will be dealing with a much more happy and amenable Anomaly.

Will everything be forgotten in one minute? No. But if you provide kind assistance, your case will probably be moved to the bottom of the pile, and then forgotten.

Just please cease with the cool, calm dominant frame act... you're not fooling anyone.

Best Wishes,

DZN

I bet HE knows that SHE has been in Hawaii taking stock of where everyone has placed their new homes. Bezos on the coast on Maui. Obama on the coast of Oahu. Oprah played it safe and went up the side of a volcano that has not erupted in awhile. Zuckerberg on Kauai. Just so many big names.

I bet people high up the pyramid feel that they will be safe out in the middle of the Pacific ocean as the US burns down. Hmmmm. Would be such a pity if they all found out they had chosen poorly. That a dragon had lied to them. Such a shame.
