Re: Who can Mediate between the Various Factions? Is a Truce possible?

The Galaxy's longest running soap opera is getting tedious.  
What does each group want?  
Can Vamps33 provide some insight?  
Can Heimdall share some wisdom?  
Anyone else?  
Are the Dutch of The Forests represented here?  
**The Council of Trees and Stars calls all interested parties.**  
ALL watching groups are cordially required to be present.  
If they do not raise objections on this thread, **we shall consider the motions carried before all Creation.**

He was a good chap.

I was going to hire him as my ambassador.

Oh well, nvm.

Mustn't grumble.

**Re: Who can Mediate between the Various Factions? Is a Truce possible?**

Alright Lord Rothschild, lets do it like this...

I'll try and get to the point with my questions, and give readers value for time.

1) Do you think I am owed any no-strings compensation, for the Truman Show/Severance experiment I have been subjected to? And would you be able to talk to various behind the scenes groups and get me some? Understand I am requesting compensation, not a stipend. I'm not accusing you of anything. Its good that you take the time to come forward. Many in your circles are too cowardly to even talk to me. Maybe you are connected to other parties who could compensate me. Maybe not.

It's a simple yes or no question, IMO.

~O~

2) Regarding my 'inability to understand'... do you think it's best that I research 12USC411, and specifically this quote:

*Now, the USC codes you reference have to do with one form of collateral mechanics and bookkeeping vis a vis the Federal reserve notes generally. [..]*

*HOWEVER, one of the codes you reference have a key piece of information! Were you to understand this significance and relationship to other "metrics" you could become wealthy overnight!*

*Good luck with that one! Maybe your "breeding" will rise to the occasion! Someone on this site posted information relating to 12USC411 which is, or should be, of greater interest to you based on where you are in the process.*

~O~

3) How much money would it cost to undertake the 12USC411 process in Taiwan? What kind of legal professional should I seek out? Lawyer? If so, what kind? Notary?

That's all for now.

Good Day,

Daozen

## **Re: Who can Mediate between the Various Factions? Is a Truce possible?**

Do you READ, daozen?

If so, do your lips move concurrently?

12USC411 is a PROCESS OF REDEMPTION.

*Redemption:*

*redemption*  
*r#301;-d#277;mp#8242;sh#601;n*  
*noun*

*The act of redeeming or the condition of having been redeemed.*

*Recovery of something pawned or mortgaged.*

*The payment of an obligation, as a government's payment of the value of its bonds.*

*Deliverance upon payment of ransom; rescue.*

*Salvation from sin through Jesus's sacrifice.*

*the act of redeeming or something redeemed*

*the recovery, for a fee, of a pawned article*

*salvation from sin*

*rescue upon payment of a ransom*

Things along those lines.

Redeem a CHIT, if you will.

What happens when a GAME ENDS?

AN ACCOUNTING.

Tokens used to represent VALUE during the game are redeemed for value, according to the previously agreed rules, OR standards generally agreed to by man as demonstrated by nature.

So,

- 1) Tokens have value WHILE THE GAME is in progress.
- 2) Predefined circumstances, or by mutual agreement, the GAME ENDS.
- 3) Tokens are redeemed for value as previously agreed or subsequently amended by the PLAYERS.

Often, CONSEQUENCES for one's action, or PLAY, is postponed until the end of the game.

ACCOUNTING/RECONCILIATION  
DISTRIBUTION  
CONSEQUENCES

What stage of the game are you in presently, daozen?

Thank you sincerely for that post, Lord Rothschild.

I believe we are in the middle of Act III, approaching endgame.

Now accounts are due.

The fiat players have cheated.

In theory, we approach one of their tellers, ask for them to redeem something. They cannot pay the obligation, and at that moment, **the financial polarity switches.**

We are no longer in debt to them, they are in debt to us.

At that point, we can ask them to pay their debts to us in gold and silver?

Am I at all correct?

I believe this can all be done using old school methods? Correct?

Old school methods like:

- The village post office.
- Cheques.
- Coins.

~O~

A previous poster also said something along the lines of "Your signature is worth whatever you say it is".

That is certainly an intriguing proposition.

May I ask, Lord Rothschild... how could I value my signature at 10,000USD, and have it actually redeemed in real money?

~O~

I will study your post further. I believe there are many doors there.

I promise to use any money for good, if I get hold of it...

Some for myself, probably more for others.

In Hope,

Daozen

Good Morning again Lord Rothschild,

Chilly here, but I like it... makes you work harder.

Now, if I may, let's get down to brass tacks.

If I was to walk into my local post office, what would I need to bring?

- A 1000TWD note.
- Some coins.
- Any legal papers.
- A notarized affidavit?

some people have said that coins are worth more than their equivalent in fiat.

What do you think of that?

Also, is there a secret 'inner game' in the world of stamp collecting, related to redemption somehow?

It has also been said that We are the Crown, and they borrow from us.

All inverted.

So, what is that "Chit/Token"

- A cheque.
- Coins.
- A 1000TWD note.
- An affidavit/legal papers?
- Other?

Rofsy Sr mentioned arbitrage. You are taking something previously regarded as low value, and forcing them to default, admit it has a higher value, admit they're in debt to you, and pay out that higher value in Lawful, rather than Fiat money.

So...

What would I need to take into the post office, or a bank?

In Hope,

Daozen
