You can fix that with Iodine, baking soda, and laying off pork, fish, onions, etc.

Why does everyone think OP is lying? He could be telling the truth.

Convergys

"Low pay scale. If you require accommodations, GOOD LUCK! Unstable job security. Inconsistent use of policies. Use misleading terms such as being rewarded for OT with earning points back, they do not allow you to earn points back they give you the ones you would get back 1 year after the point went on your record, early."

"The atmosphere is very "cliquey". There are some hostile people in the training class, which can make things very stressful. Management is lax about letting people sleep in class, text, swear and be generally inappropriate."

A couple of reviews.

Because no man would consider this a 'problem' that requires the assistance of strangers from a conspiracy forum. This is some kind of pin-head larping for dopamine tingles.

I see you all as hebdomadic LARPer

Not very good LARPer at that.

The Pope is a LARPer, Johnny Depp is a (good) LARPer, the people in the streets are LARPer.
