All he did was show himself uncensored to the world.

The Good, the Bad and the Ugly.

**Then he allowed people to choose whether they wanted to be in his group or not.**

The people who understood him and understood he was able to "get" them and 100% accept them no mater what joined him.

He is not interested in the rest. They are not compatible with him. He is compatible with anyone, *but not everyone is compatible with him.*

You would not take on a crew member who was always trying to sink your ship and have you tossed over the side, even though you were the vessel they travel on/in.

That is what the incompatible people are like to him and his friends.

He never made anyone do anything, nor did he try and make people do anything they did not want to do or make them believe anything they did not want to believe. Honourable.

Most people just wanted to use him to get what they wanted rather than do the work themselves.

He is not here to save the world. He is taking the people who are like him on a journey to Infinite Existence.

Lots of people try and shake him down for the information required. He sees the future and the many paths it can take.

He knows they will abuse it because they want the goodies but don't want to earn them and the will required to wield them without destroying yourself.

He is making memories to take with him. So he can recreate the environment and the parts he liked with the people he liked if people want to relive the old days to remind them how far they have come since then.

Why are you guys still at it with this anomaly business? Too much skitzophrenia. I still maintain my original analysis. Bunch of noobs who had inaccurate perceptions of these various communities and thought they could word vomit here too and it would be picked up. Now it's not being pickup up like they hoped because of those inaccurate perceptions I mentioned earlier so they just keep repeating to avoid facing reality.

Is cringe. I actually like flat earth as a negative manipulation on the conspiracy community more than this BS. And flat earth is lame cringe too. I suspect the resurgence of flat earth theory a decade or so ago onto conspiracy forums was a similar thing. Case study into manipulation with that one being the control. And now it just has legs of its own being a mix of people larping being morons thinking their helping perpetuate bullshit with far lower % of people who actually buy into the idea wholesale.

That is better than your weaksauce bs.

The reason brother is because they have fear. And unlike you they no longer sell it or trade their love away. They know there is a gap between themselves and me and me and you. There are many that caught the pinging from my sons (the lack of a comma denotes my place in it as a linear) death which was because my son was the Love of FEAR. they look at me as an anomaly because I lack a spirit which was placed by the Father (GOD) on those guilty. Everyone else has a spirit that occupies a place in my love that was killed. That place is lust. It is the collar around my neck and these pings are my chain. The abyss takes 7 steps to walk over but like this guy most people don't even know it exists. Until you have faith (in the Lord) you are not standing and until you can take a step (my guess [to the author of this reply] is that you have yet to step out of pride) you cannot walk. It takes real work to put in. You are setting yourself up through your work in order to realize after, which leaves you unaware. Maybe fear is better left unsold but maybe those pinged will understand that you survived and my love is distant because of that not that the backside of the heart and we loved wrong went unsolved because of it (but most of these people are finding a hangup in the other 4 steps [because im stuck in the third] and likely left you there until im free). I apologize for it not being faster but in reality you owe me and through me my Lord. And that's only a beginning until we reach the end of a long and painful journey for a heaven to exist for all and with no return to this hell

Quoting: **Anonymous Coward 80763716**

Unaware = Ignorance.

The choice to be ignorant manifests more ignorance in the physical.

You should accept truth in all the forms it comes in -- If you think truth -- you can manifest truth. Ego cannot produce anything but service to itself manifested inwardly, if you want to change reality, you have to change the way you think.

So above, so below. It's a mirror. Macrocosm reflected in the microcosm and vice versa.

**As one goes, the other follows. The ego is an illusion with no reflection in the spiritual. Just think about that for a moment. Does the ego have a counterpart in the spiritual? Or does it only exist in the service to itself surrounded by material physical objects?**

**Only the ego would be offended.**

**Love is all that matters. Nothing else.**

If the anomaly idea should break out and reach the MSM then our world would be changed forever. It would be bigger than ETs or UFOs.

**G = GENERATIVE PRINCIPLE (at the highest level.)**

**What we care enough about to put our will behind?**

**If you don't care -- then you're a coward!**

**You have to care enough about the generative principle (CARE) (CREATE) not destroy -- and put our will behind so it will manifest in the physical world.**

**IF you do not care enough to create then you're plainly ignorant and cowardly. And that will generate more of the same in the physical world.**

**Service to Self (ego) versus Service to Others (care) (create.)**

Service to Self directs inward and doesn't manifest outwardly in the physical world.

Service to Others directs outward and DOES manifest outwardly in the physical world. **Chaos results in egotism as it manifests more chaos outwardly as an ABSENCE of CREATION -- ABSENCE OF CARE -- ABSENCE OF HEART -- ABSENCE OF COURAGE. The lack of CARE to others is very apparent.**

Get it? If you don't, you will sooner or later.

This is what they call the lost principle -- because very few people are aware of the GENERATIVE PRINCIPLE. **CARE HEART CREATE** not ever chaos.

If you're so egotistical to think you have a right to DO AS THOU WILT, without CARE, then that's just as bad as being chaos and satanic -- it's much the same. There are universal laws in this universe and in the spiritual realms that NEVER CHANGE.

It is what it is.

**If you operate from an egotistical perspective, then you're just hoodwinked by ignorance.** Because when you discover the truth and do not accept it, you keep yourself blind and end-up walking in a ditch because you are so egotistical to think it's just a bumpy path. It's not a path -- it's a ditch.

Get out of that ditch and pull that hoodie off and see reality as the truth that it is.

Creation is infinite. Chaos is very finite. If it weren't this way, then if chaos were to run amok, everything would manifest into escalating destruction.

So, you see not caring = ignorance = chaos = destruction.

It's balanced perfectly in the spiritual, but in the physical, chaos is very finite but complimented by entropy, which balances the infinite Creation. Until the physical world passes away, and is replaced by the spiritual, we will notice this difference.

###

The EIGHT-FOLD PATH.

Right View, Right Resolve, Right Speech, Right Action, Right Livelihood, Right Effort, Right Mindfulness, and Right Concentration. We like to think of the first seven as pillars that support Right Concentration (Mentalism.)

You are what you think or what you concentrate-on -- your focus.

If you FOCUS on the negative by ignoring it, you are ensuring that more of it manifests in the physical. The dynamic of care. Heart, mind, and guts (courage.)

You cannot just speak it, you have to walk the walk, talk the talk, think the right thoughts and take action so it will manifest.

Care is the driver of our actions.
