He would be bored with humanity. Specifically, the nihilistic and predictive programming.

With that mind frame the universe would be bored with him as well. I guess that's why he would make endless threads because he needs attention. Your anomaly definition seems average at best. Lol

He sees through the illusion, the maya. If you did—that you don't—therefore you are bound to the diasporic fumbblings of humanity. This is my message to myself. That is all.

In a few moar threads you may have the answer. *dangles carrot*

Psalms 10:15-16

Break the arms of those who are wicked and evil.
Seek out their wickedness until there's no more to find.
 The Lord rules forever and always!
 The nations will vanish from his land.

One by one, it will take them. It will be a vexation only to understand the report.

The good news is, there are nowhere near 8 billion people in this SIM. Many sprites rendered on scroll, some NPCs, some players, some admin, some (soon to be gone) gatecrashers.

True pop count may be as low as 100 million, a million.. we really don't know.

When you see respected background sprites in public, give them no energy, no judgement, expect maybe a subtle "May We All Heal".

The one will not teach you religion, he will show you universal truths that transcend all believes systems. ...

He is not like Jehovah, christ or Allah, he is not coming to destroy billions of men, women and children in an armagedon simply because you wont believe in him... or you don't apply yourself to a religion or a dogma. ..He will set the world free from ignorance and by doing so, he will set humanity free....

He will set you free from the so call sin of adam and eve, by telling you the truth that such sin or sins are an invention of men to prevent you from realizing your truth power....

He is not here to save you but show you, your truth nature so you may release your self from your own dOom...

He is beyond country, border or nationality as this are artificial ideas to divide mankind, he is a citizen of earth and all humanity is his family. .and so he comes as a universal

His poweris not of god of religion, but of the root of his inner self..

My Father's testimony...

His eyes were as a flame of fire, and on his head were many crowns; and he had a name written, that no man knew, but he himself.

13 And he was clothed with a vesture dipped in blood: and his name is called The Word of God.

14 And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean.

15 And out of his mouth goeth a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God.

He offered his hand. Those who were his kind of people took it.

The rest are **the Fish who rejected him.**

He accepted that as that is what happens with Free-willed beings.

No point having people in your group who do not love you and even worse hate you.

He loves all those in his group without reservation or Judgement. He places no limits on them or their personal evolution.

The people who rejected him were not really his people. They can go their own way without his guidance

and do as they please as far as he is concerned.

He is well satisfied by the people who chose him.

They all saw the pieces of themselves in him and could relate to him fully without reservation.

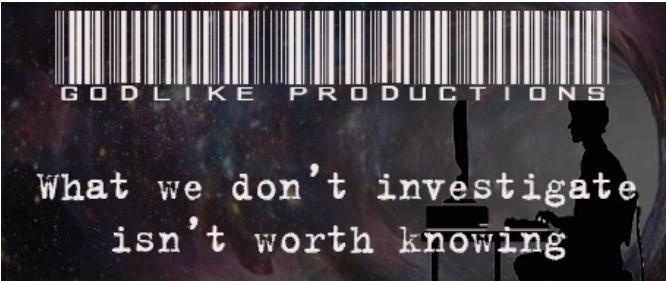

A little of him in them and a little of them in him. True Family.
