What software do thy use in the Offstage World, and The Sirian and Orion Empires?

Serious question.

Our contact in Edmonton said it needs an overhaul.

Please tell the Janitor dept why it doesn't work.

We're listening.

Why does the light side like yourself hate the anomaly/nobody? Why is the antichrist "light" ignoring his contributions to the liberation of this world? You people are actually far worse than satanists imo.

They hate the N cos he outmaneuvered them, acted weak, and showed them acting snobby and cruel before the whole galaxy.

They are murderously angry about it.

A little sad...

How did the N outmaneuver them and how did he act snobby and cruel to the galaxy? Do both sides dislike him?

- The Anomalies were deprived of funds, and thought their way through the issues, slowly... like MacGyver.
- They were the ones who showed themselves to be snobby and cruel, not the N.
- Widely disliked and hated by many. Liked and supported by some.

Luckily, this is an engineering race, not a political one.

Their ability to inhibit and gatekeep grows weaker by the day.

Their entire operating system is based on genetic computing using an artificial Draconic genome, a corrupted copy of the original holographic data dump made by Dragon Queen Sophia as she entered the Kenoma. DNA is the foundation of this universe and it derives from a geometric coding method where a tetrahedron is transposed across the inner surface of a hollow dodecahedron.
