Has there been any deaths of the Truman show watchers?

Has there been any mysterious deaths? Or is that being covered up too? Or what about the few good people who aren't psychopaths and have conscious that know the crimes against humanity being committed!? What happens if someone tries to report the show, do they die mysteriously.. have any of you wondered/thought about that?

Remember it was predicted that they would soon cover it up, and kill all the viewers/watchers to cover up the massive crimes they committed to the individual..

Everything works in favor of the individual eventually.. so all these people that tortured her/him with plausible deniability will eventually die off.. and if not they will eventually be in prison.. whether a year from now or 10 years! Just fate!

Re: Has there been any deaths of the Truman show watchers?

Just a honest question.. be afraid because the show is like the movie the ring. They are covering it up and killing the viewers. Of course the individual being tortured or Truman should we call him/her doesn't care either way because they are all guilty of torturing him/her. So.. think twice before you do it!

I bet you guys are on a list too of everyone involved in watching the show. How do you think this will end?
 Go to prison? Get killed by them trying to cover up? Or go on and live normally? Definitely not going to live normal lives after this!

No..you dont get it. Its not them watching. Its the two witnesses..the sun and moon. If you think there is a human that important..and then think there are other humans making a show about it..you missed the mark.
Meh..you all missed the mark on the illuminatti too..so im not surprised.
