## Why America and the West is losing hope and energy

Anonymous Coward User ID: 84874769  Taiwan 12/03/2022 07:46 AM <a href="#">Report Abusive Post</a> <a href="#">Report Copyright Violation</a>	<b>Why America and the West is losing hope and energy</b>  1- You live in a simulated world. 2- We have all made a mess of this world. 3- You have been asked to clean up the mess you / me /we all made. Clean up the mess and get out of here. Tidy up after the party, and give the keys back to the chalet owner. 4- You have refused, smirked, laughed, patronized, shrugged. 5- As you are no longer a value proposition, energy / attention / interest is being WITHDRAWN from you. Not really in a punitive way. People are just bored.  You are feeling this withdrawal as a loss of magic/hope and energy.  You can remedy this cycle by focusing on point 3.  Failure to do so will put you on the wrong side of the separation.

Reading also helps you understand and manage emotions (which increases your emotional intelligence).

How do you hand keys back to God. I think theres a mention of a key given, in bible. Which leads to Abyss.

Fluid intelligence is where a person is able to think abstractly and solve problems using their own judgment and logic

It's not so much an abstract proposition.

Its more like (using the EArth/chalet metaphor)

- Stop growing poisonous GMO crud. Either help us grow organic food or cease and desist, and go away.

- Stop telling lies on the news all the time. Use the news for positive leadership, or just switch off the damn media networks.

- Stop paving over everything with concrete and crud. Help us build Earthships, Avatar and Hobbit villages, and new organic houses.

~O~

No one is going to actively punish those who won't stop stomping all over Our Home. We are just going to stop paying attention toxic big mouth countries, and people.

No attention = No energy.

No energy = No magic.

No magic = "Booo hoo hoo... why has God abandoned us?"

No one is "abandoning" anyone, exactly. Its just large amounts of humans are refusing to listen to the most basic and fair propositions.

So heaven is bored stiff.

The Separation Continues.

Challenge accepted in full.

Death match, starting now.

All my army against yours, until one of us is annihilated.

War Declared.

Ready, Steady, Go!
