**GLP IS A SITE WHERE THE CIA AND THE MOSSAD MONITORS WHAT THE CONSERVATIVE RIGHT WINGERS ARE UP TO.**

Quoting: **Street Prophet**

Actually it seems like they spend all their time and energy spying on FB and Twitter users, according to the latest internal emails released by Elon Musk.

Who knew GLP was safer compared to those places. Ha ha. They probably had one lonely agent assigned here this whole time, compared to 80 on twitter alone. And you were all worried. Now that's good stuff right there. Pure Comedy. LOL.

The feds are here but i dont think they post much.

GlP is heavily influenced by israeli shill rings. I think that is who most of the radical trump extemeists are.

If you only knew the number of threads I have seen get nuked on this very subject, you would understand how "free speech" is dealt with here.

That'll get you baned.

Problem for GLP is other sites will now let you talk about "those who must never be named". A lot of other options.
