LARP News: Kalique Abraxas is the New Chief Administrator of Earth

The Janitor dept is overjoyed to have Kalique on board. We believe she needs no introduction.

She will work alongside the Owners to help clean up the mess that Blim-Blim made.

Her duties include:

- Booting out the most unkind 30% of SIM participants, as they have consistently shown no respect. She may change this percentage at her discretion.
- Increasing security around the Earth.
- Negotiating with governments and alphabet agencies, and telling them to not be such ruddy silly-billies.
- Keeping the "Truman Show Set" free of useless and sulky actors.
- Eradicating those who would block the free flow of benevolent funds on EArth.
- Sending swarms of robot drones after the Dutchman, and capturing him.
- Raising the vibration of Earth.
- Improving conditions for all "Truman Show actors"

Chief Janitor will still be DZN, but we empower Kalique to do whatever she sees fit to fix Earth. She sees much that we cannot.

You may message her here, or elsewhere, and tell her your thoughts, needs, and wants.

May better times come.

- Daozen 'Joffery' Abraxas-Baggins.

1. Currently classified. On Earth now.

2. Blim-Blim is being deposed right now. He has some power, but it's waning. his ability to gatekeep is much lessened. No one trusts him, or pays any attention to him. Daily tantrums, as usual.

This avatar doesn't know much about Titus.

3. Not sure if gen pop should have access to unethically farmed regenix, as others must suffer for it to be produced. However, if we all dream the right timeline, many ethical life-extension technologies will be released.

They are already being released, but are not widely talked about. (HGH, stem cells, etc), Lots of life-extension tech in Inner Earth too.

It's up to us to dream a better future, together. Then life will improve for everyone.

Thank you for your intelligent questions.

Thanks for your posts, Daozen. Appreciate the info you are imparting. That said, would like to get your opinion of Nancy Pelosi. My intuition tells me there is more to her planned trip to Taiwan than meets the eye(I suspect some vampire related business).

Yes, she is one of their sorceress queens, I believe. It was mentioned in some of the human/vampire war threads around 2018.

She may be applying pressure, asking for help, asking for funds, trying to strike a deal. Could be literally anything.

What Do You Want to Happen? We are stronger than them. Intend it. Dream it.

The fact that China is unhappy *may* suggest some kind of peace deal is being talked about. But I could be way wrong.

Honestly, who knows. The Good Ship Earth is Drifting right into the unknown...

Enjoy it.

Quoting: **PhiloSophiaZoso**

Yes. A Family.

Can we trust any of them?

I've wrestled with this.

My Mother once said to me "Any port in a storm" at dinner, when I was about 14.

I never forgot that wisdom.

As long as we're not tricked into a contract, or offered meaningless "titles", and the Regenex production slows/stops, it should be alright.

Bleem is the incompetent one.

Kalique = Kalki.

Ah, thanks. Titus is the prettiest.
However, if we have the regenix formula, we can come up with the "vegan option" to produce/manufacture/synthesize it. If not the US of A scientists, then Germans would find the way in no time.

I move that Seraphi is the prettiest, but there is room for all opinions.

Does he keep a harem?

How accurate is Titus' portrayal in Jupiter Ascending.

I heard they demonized him in that movie, even though it was mainly accurate in other respects.

I wonder if T ruled directly in Rome a couple of times.

Any info on Him is fascinating.

Exactly, Ethical Regenex, or those rejuvenation beds like in Elysium. All made and ready to go when the politics gets resolved.

Stem cell therapy, which can wind the clock back 10-20 years, already public in clinics in Sweden.

Re: LARP News: Kalique Abraxas is the New Chief Administrator of Earth

I know the least about Titus.

I suspect he is better and more amenable than Jupiter Ascending implied.

Been in contact with Bleem since 2018. I know someone in Taiwan who corresponds to the Tantrum God archetype exactly.

I was out with him last Summer... maybe August. We were drunk, by the river in Danshui... he suddenly looked worried and pensive. I'm used to him not

explaining why he suddenly goes silent..

After a while, he said "I want to live a long time."

I said, "how long?"

He paused, and said "Forever"

In broken Chinese, I told him they make "live long medicine" on Jupiter and elsewhere. He shrugged and said "I know" or words to that effect.

This is someone who rarely watches movies, and has steadfastly refused to watch Jupiter Ascending clips whenever I've shown him. Literally turns away from the screen and changes the subject, even though we hang out for hours.

I remember him smiling mysteriously and subtly when I mentioned the name Abraxas, but he denied all knowledge of it. This is someone who has been very open with me about exopolitics.

He said he knew about the "live long medicine" and that it was made from humans.

I asked him in Chinese (we were both a little drunk) how many people per bottle.

He shrugged, and said "A hundred?"

Exactly what they said in the movie.

Pretty sure this guy is the Primary soul fragment of Baal.

Just not sure how much gatekeeping power he has.

Can I just ignore him?

I have many other stories about this guy.

Talking with him on mails now.

He has said "I surrender" many times, then steadfastly refuses to sign a contract. Says he doesn't want to sign an "unequal contract"...

Situation ongoing...

More later!
