**Re: American Women are promiscuous and nihilistic, because American men don't build useful things any more...**

You're generalizing. I am always building both metaphorically and literally. I build wealth, strength, intelligence, structures, relationships. There are millions of men just like me

I said there were tons of honorable exceptions. I'm not up on an Ivory Tower judging everyone. I'm down here in the meadows and gutters, observing what I see.

Many honorable exceptions to this statement. The top ten to thirty percent of Americans, who kept the dream alive, are beyond awesome:

**Bricklayers, coders, organic farmers, website designers, electricians, plumbers, designers, innovators... many many useful trades and arts.**

But...

Many of the rest... too many PREDATORS, not enough CREATORS.

Womens liberation movement started it when I was a teenager so no it isn't just men's fault it was planned by David Rockefeller who paid women to push women liberation movement and Sally Fields went on TV to talk to young teens about their bodies, it your body no one has a right to tell you want to do with it, yes they did this. The other part was women who pushed the women lib thing, totally setup and paid for by Rockefeller. It did two things destroy youth and made product for the procedure of abortion which was the next step, you have to look at the step to abortion to understand it all. They wanted product this product was fetuses for their clinics or institutes, yes the Rockefeller institutes were involved, EU was already using abortions for their fetuses, and they wanted them here. I hate what they have done! There is deep evil within the hearts of some people in high places and this is also our own government who knew they were sell each part of an unborn child for a price, worse than any other thing they could make legal, this was in a hearing an vote to keep the time was the late 1990s!

You know they had to stop prayer in schools to lower people who didn't know the 10 commandments of God, so God had to be taken out of school, did this make life better or worse, well you know the answer in your hearts check out the years before this all happened, of course Darwinism was part of it, they became atheist in droves after this idiots theory, I say idiot because he already knew that the flood happened that why sea shells are on top of mountains!

**Re: American Women are promiscuous and nihilistic, because American men don't build useful things any more...**

so why would they bother to contribute to building and bettering a society that hates them

Quoting: **Naunet**

Believe me, I've been through that apathy phase...

Why?

1) Because if you develop a (software / building / gardening / landscaping / sysadmin / pottery / bricklaying) skill set, you will be able to charge a higher rate. And then maybe move to happier lands. Worked out alright for The King of Random.

That's one pragmatic reason. **Cash on The Barrelhead.**

2) Useful projects get you socially noticed. IF you want that. More interesting friends, women, side-jobs, holiday invites, whatever...

Why?

More money and a better social life.

You don't think about "bettering society", you work on your own skill set, which (hopefully) unavoidably improves the world.

I'm not going to wheedle anyone to do anything. My responsibility ends when I show people a clear path out of the abyss. If they don't take it, don't blame me when the Grinder comes for you.

It's all on You.

So I guess you better grease yourself up and go lie down, spread-eagled, in front of the nearest FEMA camp.

If you've got half a brain you can hide assets.

There's more a man can do than go whoring and Tindering...

Maybe women don't like you cos you're utterly cowardly.

the personal attack was unnecessary  
 and  
 by calling me utterly cowardly  
 and telling me to go get raped in the ass  
 qualifies as sexual harassment, online bullying

I don't tinder  
 not interested in that perversion

I'm from the mindset of ancient times  
 I was raised to be a man who only wants one wife for life

hiding assets is pointless and useless with no one to inherit them

they hate me because I don't play the game  
 and not chad

yuk, toooooo short  
 yuk, toooooo disgusting looking in the face  
 yuk, not buff enough  
 yuk, yuk, yuk

doesn't matter that I have the top position in my dept. where I work  
 doesn't matter that I have kept my job for 20 years  
 doesn't matter that I have my own house, etc.

that "stability" doesn't mean shit when not chad

So they rightfully draw the contempt of the Gods and People.
