Re: 373 is the plain clothes mod who keeps deleting the Anom threads

Show them the quote to prove your accusation first.

You have to show proof first. No point me denying something which isn't real or able to be proved.

You are dancing at shadows kid.

I however have been tracking down the mod who deleted these threads. You could have worked it out as well.

What time of day do they get deleted the most?
 What mods are on at that time.

Did it really take a genius to work that out?

You have made foul accusations against me. **It is illegal to troll a NZ'er online.** last guy got 3 years in jail.

I am an NZ'er.

Quoting: **Anonymous Coward 77211473**

- I do NOT HAVE the quote.

- I am writing this from memory.

- I DO NOT have to prove anything under commercial law.

My posts, my sworn testimony, stand AS TRUTH unless you refute them under penalty of perjury. You have not done that, and are trying to put me on the back foot.

Illegal to troll a NZ'er online? hahaha.

That's one for the hall of fame.

Now...

REFUTE THE ACCUSATIONS UNDER PENALTY OF PERJURY.

Quoting: **Daozen**

Your memory is faulty.

[\[link to www.spinbin.co.nz \(secure\)\]](#)

I do refute your made up claims under penalty of Perjury and Death if I am incorrect.

Will you do the same?

You have to prove you are not a liar, under penalty or Perjury and Death.

Otherwise you have nothing to stand one...except every post you have ever made on site.

Are you on Drugs?

Have you considered it?

A form for 373 to sign.

I swear under penalty of perjury, on pain of death, with full commercial liability, the following statements are true.

- I, 373, have never taken part in ritual sacrifice or sex with a child under 16 years of age.
- I did not say "I am here to help and to harm" in June 2021, on the Anomaly Evolving thread.
- I did not write "Incidentally, my boss is Dutch" on the abovementioned thread.
- I do not have the ability to delete threads, or flag threads for deletion.
- I have not deleted ANY threads this year.
- I never claimed child molesters were Apex Predators.

Under penalty of Perjury,, before All of Creation, I swear with full commercial liability, the above five statements are true.

373. My wife has never posted on this site.

Under penalty of Perjury and Death.

Quoting: **Anonymous Coward 77211473**

OK, so you've been caught lying right now.

A few posts up, you're speaking about 373 in the third person. Now you're saying you are him.

So you're lying.

Refute the accusations UNDER PENALTY OF PERJURY or accept spiritual annihilation.

Another question.. is this a private universe, or shared space?

Quoting: **Daozen**

Which accusations?

You have to be specific.

You are not acting or arguing sanely.

You have to be sane to do any legal actions.

You are just attacking someone who is banned and cannot defend himself as himself.

I don't need you.

Go your own way **and stop stealing my information and saying it was your own.**

You stole text I had written and put in your own thread without asking permission remember?

Quoting: **Anonymous Coward 77211473**

Who are you to say if someone is sane.

Weer you the one saying there was going to be nuclear war, adn everyone had to get to NZ, as it was one of the only safe countries.

That was manipulative , murderous BS.

I often copypaste posts from one thread to another. I normally credit, sometimes I don't. I never remember taking credit for one of your posts, to the best of my recollection.

Do you remember saying child molesters were "Apex Predators" want to clarify that before the universe?

So let's get to the point. I have a form for you to sign.

You can clear your name in 30 seconds.

Very specific accusations.

Quoting: **Daozen**

I do not recall saying that at all.

You seem confused and overly emotional.

Even in this thread half my posts are not going through. I have refuted you many times.

Either people believe or not. No skin off my nose.

Re: 373 is the plain clothes mod who keeps deleting the Anom threads

Refute this by 10am Taipei time, today, December 7th 2022, or it stands as immutable law:

I, Daozen, Judge and King of My Private Universe, swear under penalty of perjury, that you, 373 have taken part in either ritual sacrifice, pedophilia, black magic, energy theft, or pre-meditated treachery and betrayal.

You therefore enthusiastically agree to be spiritually annihilated over the next week, and return ALL your stolen energies to the person and people you stole them from.

~There is no evidence that this is not happening now.~

- Furthermore, you said "incidentally, my boss is Dutch" on the Anomaly Evolving thread in June 2021.

- You also said "I am here to help and to harm"

- You have also angrily defended pedophilia many times. When the subject was brought up, your next post included the words Apex Predator.

You are therefore not fit to live in My Private Universe, and I sentence you to Annihilation.

You may contest this ONLY under of penalty of perjury, and full commercial liability.

If you do not do that within one hour, the court will recognize that you enthusiastically agree to annihilation.

I call All of Creation to witness this.

If you do not rebut and refute ALL those statements within 1 day, your silence (or perjury dance) will be taken as full consent to my sworn statement.

I swear under Penalty of Perjury, with Full Commercial Liability, the above sworn text is true, to the best of my knowledge,

Signed and Sworn,

Daozen 'Joffery' Baggins

He's absolutely obsessed with being "The Only One"

Admitted "incidentally, my boss is Dutch" in June 2021.

Whenever you don't put up with his lies and bullying, the thread gets trashed.

Am I wrong?

Let him deny this under penalty of perjury.

He never will.

But he actively trashes threads if you talk back to him even a little.

It's terrible behaviour, because we're trying to set up microfinance software, among other things.

Re: 373 is the plain clothes mod who keeps deleting the Anom threads

He's absolutely obsessed with being "The Only One"

Admitted "incidentally, my boss is Dutch" in June 2021.

Whenever you don't put up with his lies and bullying, the thread gets trashed.

Am I wrong?

Let him deny this under penalty of perjury.

He never will.

Might angrily deny it, but not under oath.

his name was Kurt Lockner and although he thought himself "liberal", he was filled with hate and constantly harassed people in the Clinton newsgroups during the 90s.

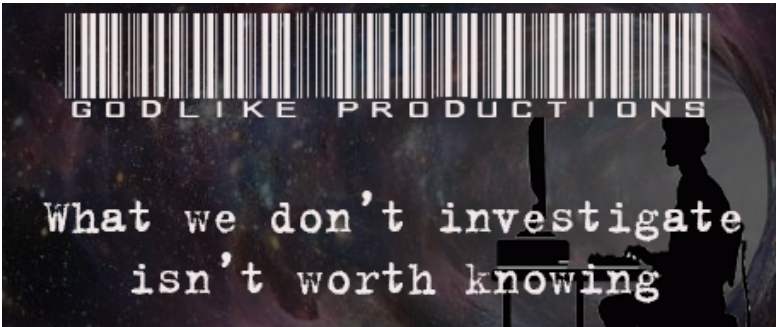

he presented himself as a professor at an Omaha university, claiming expertise in electronics, geology, physics, etc.

eventually he annoyed the wrong person and they doxxed him. he did work at a university... as a maintenance man. he was twice as furious after that and drank himself to death around 2017.
