I've never had money my whole life, always shit salaries. I've had nothing but games with everything, including sex. It's hedonism when it's me but when other people do shit it's not addressed. I'm held up to higher standards but I'm subjected to more abuse.

Yeah. It's a vicious, unfair opponent.

So lay off the drink, and walk the straight and narrow. It'll have less chances to have a piece of you.

Let the Mexicans at the car wash drink. They don't challenge the machine, so they're allowed to debauch a little. They're scenery.

Focus on YOUR path only.

Ironically, the more you walk the straight and narrow, the more likely you are to one day get a true Five Star Lifestyle.

They all take orders from the snake, they will destroy your life out of spite of you are happy and prove there lie wrong. Be careful challenging them, they will turn your whole family against you and lock you up in a mental institution and kill your brain and sterilize you so you won't have any children who challenge them.

months WITHOUT drinking and guess what? Got non-stop abuse 24/7. Got about 3 hours of sleep a night. The fucker would have police harass us and people harass us. It wants me drinking but I will no longer oblige

They already turned my family against me. Even if you are Mother Teresa it would make up lies against you. I had some Jamaican bitch here (reptilian) and she raged against me for shitting by some trash contrainers. I told her I look for food in there but she came raging at me. I KNEW she was reptilian 'cause of the dark rage she let out. Hope the bitch dies in a car crash, piece of shit. THEY WILL TRY TO GET YOU EMOTING SO THEY'LL MAKE UP LIES TO TRY AND DRAIN YOU.

Quoting: **Anonymous Coward 77013778**

Yeah it is a strange unseen being(s) that controls this world. During meditation, I interacted with this being in a different dimension. A dimension of intuition and understanding without needing any words. It wants to come off and hold itself as the "god" of this reality and I get the feeling it is responsible for much of the events here, even if by lack of action. After telling "her" what she was doing was wrong, she decided to attack my solar plexus chakra point. Interestingly enough, the solar plexus chakra is where many extradimensional creatures and entities I've encountered attack - It is the area responsible for manifesting what your will is.

My advice to you is not to worry about what others are doing based on how this being/thing evaluates you. It will only serve to create division in your own psyche and the "what about (insert noun) and what they are doing?" You are playing their mind control game if you start saying "you judge me, but what about this person or that person or that group?"

I think that is the goal of this being is to seek to control and keep things below "her" and live off their spirit and energy and claim them as herself. As beings start waking up and seeking the whole truth, it seems that the external reality starts getting more hostile, taunting, and nasty. This thing is in fear of losing its control over this limited reality that it wants to claim "godship" over, and sees us as dolls to control as it sees fit for its own amusement.

In the New Testament, it is called Satan. In Buddhist terms, it is called the demon Mara. In Gnosticism, it is sometimes referred to as Yaldabaoth, or archons - call them ankle biters, "they" have no rule over us and I rather not refer to them in my mind or text as words that describe a ruler). Whatever you want to look at it as or refer to it as, it can only have power over you if you react to it emotionally.

Don't accept the offer and emotions that it sends you through the synchronicities of this world and hold towards the truth - you are a being of the true and one God. One of Love, Truth, Goodness, and joy and bliss.

Don't accept the narcissistic energy that gets sent your way. Like Daozen mentioned, focus on your own path to be the better version of you. As we all focus on our own Self to become better and more positive, it will help all of us out because the love, goodness, and spirit that we are is all one.

I hope you can ignore and not react to the bait it tosses out to bring you down.
