It's a mud-flooder's point of view.

He doesn't mention that many were built as poor farms and later repurposed. He's ignored everything known about these structures and invented something goofy.

What hidden history? The guy basically says nothing except people in insane asylums knew some sort of forbidden truth. But what WAS the forbidden truth???

AC above, Check the Nirvana/Dragonica docs. Plus the giant info, star forts and the Galveston Hurricane. They refer to it as the 'spiritual hurricane'

I believe there was a relative golden age on EArth as little as 1 or 200 years ago. Then it was erased in a spiritual war/reset.

OP's vid rings true.

The old world/Old country/Tartaria.

Tartaria is on many old maps and is referenced in many old texts.

Tartaria was real, no doubt about it.

He makes great points. Okay, not everybody vaporized. Story is that naughty unmarried mothers had to give up the children to orphan trains then themselves wind up in asylums. Cities looked kind of empty, but what happened to all of the fathers? It wasn't a war where fathers lost their lives, at THAT point.

Something, many things missing, but thank goodness so many are trying to figure it all out.

Is that when The Visitors deposed The King?

They added as much as 1000 years to the calendar, or something, right?

So Julius Caesar may have ruled up until 18 or 1900, for example.

It's all BS...
