He could've been.

Maybe Middle Eastern in origin.

Or even SubSaharan black. Why not?

I doubt he looked like the backpacking hipster on all the posters.

Genesis reminds us of the fate we were spared. Some people, very few who actually reason well, call this something neither positive nor negative.

Im absolutely sure that some kind of sacrifice did take place.

No doubt.

But the details are murky, at best.

I'm really calling into question the modern Christian idea that you have an immutable pass to Heaven if you just Say His Name.

Some say that a certain King actually killed his Son... because the Son wanted to turn this into a Paradise planet. And Dad wouldn't accept that.

It is a myth. Made up to control people through the idea that they Sin.

What he did was form a connection with the Greater Vibrations that you can access through him.

He preached The Power of Love. He mastered Love and it allowed him access to many things.

Those who connect with him gain access to those things/levels without having to go through the same experiences personally.

He Preached The Power of Love.

Later Evil people sought to exploit his following some 400 years after his death and use force to make it the State Religion.

They twisted everything so it made them The Powers That Be as the Clergy and Pope.

They took the power Jesus had given everyday common people, the ability to bend and alter reality for Good purposes and deemed it witchcraft.

They stole the power from the people and told them instead "You have to ask God to do it for you because only he knows what is truly right and wrong" which is why Prayer only works if the person praying believed enough that it does work.

The Orthodox bunch believe it is like a prepay card, and every Sunday ask to be forgiven for their sins that week....which is automatic.

Jesus talked a lot about The Mind and what people believed and how it controlled them. He said people wore masks and encouraged them to take them off and be who you really are.

He taught about the Light within people and how it was the real them.

He was trying to get people out. He wasn't telling people to stay here and save the world.

He spent a lot of time healing lepers, and doing other daily good works.

You gave yourself away when you stomped on the microfinance threads.

It is very well known that the microfinance network is what flips Creation on its head.

You talked about the Future significantly.

You know what this team built.

Not EITHER / OR

AND.

Get People Out AND Fix the Mess as we go.

BTW, can you swear under penalty of perjury that you are not the one deleting the threads?

You never did that.

Would only take you one minute.

I would not be surprised if this thread magically disappears.

Creepy.

Penalty for thread deletion is the Catamite Backstage Offer posts gets spammed all over every thread.

You are causing a LOT of problems for this board, and your presence here is very unwelcome.

Tons of writers are trying to get their lives together, and you are deleting entire threads wholesale.
