Re: Have They Managed To Track Down This Idiotic Nobody/Anomaly yet?

young people, like OP, think like Scott, Dr. Evil's Son.
 They just don't get it.

Even in the Book of Job, satan had an audience before God.

Quoting: **Anonymous Coward 80687582**

Watched the first scene. It's spot on.

Bro do you even watch the live-stream?

- Did you see how unredeemably horrible Mike W was?
- How dishonest and contemptuous K.Danu was? (But that's being mended)
- How grudgeful Tuna was?

Why hang with them? They are MURDEROUS.

Give me one reason to hang out with wannabe murderers, who only fail cos of the South Park rules.

Quoting: **Daozen**

I'm just going to ask you one more time. What made you go with Daozen over taozen? Does your name start with a D? Not that it matters, i'm just curious why you chose daozen over taozen.

@sundaemen I'm not talking to you so don't interject.

Quoting: **Anonymous Coward 79885153**

Why are you giving me instruction?

Do you really expect me to comply?

Why did you choose meatballs over putrified shark meat?

By all means go and fail linguistic studies like you have here.

Being given and answer and being satisfied instead of seeking it out for yourself.

OR taking lesson from one who does so.

Re: Have They Managed To Track Down This Idiotic Nobody/Anomaly yet?

#LARP News

Looks like Im banned from Ikea for the next 100 years.

Decoding the Dr Evil/Scott scenes (thanks for that AC)

Dr Evil (A father) wants to subdue/control EArth. He's too obviously evil/not hip enough to go public to the populace, cos they'll realize he hates humans.

So he needs a half-good/half-evil dude to front. Who will they get?

Drum roll:

Dr Evil's Son.

His son is wise to it... so years of back and forth as they try and get him to "Stop being stubborn" and "obey God."

The scenes mirror how the old school Illuminati are looking for a Tommen Baratheon type to front a crypto-trap for the masses. Maybe that already happened in another loop.

After the Kenny murders, they are in deep, deep violation... and the ball is in our court.

The Site admin has a legal contract with you in which you gave up authority to him and his mods. So yes they do claim domination over you on this site and by extension a piece of your life.

You pay taxes?

Well guess what, they also claim authority over you.

How about you break some of the laws where you reside publicly. See how that goes.

You go to a shop and you pay their price, guess what you submitted to them.

If you use their money you are in their power structure. If you obey their Laws you have submitted to their power structure of your own free-will.

They own you because you cannot self sustain.

Nebuchadnezzar is said to have done this in ancient days. Everyone lived on their own pieces of land in family units. They had no deed to work because they could sustain themselves on their own piece of land.

He instituted taxers be paid in Gold to fund his trade road construction. People had to get a job(working on his roads) to get the gold to pay his taxes.

If you pay taxes you have been Slaved. If you have to Obey the Laws of your region they are imposing Slavery on you.

Planting more tress will not stop this. cleaning beaches will not stop this.

It does not matter what nation of Laws you are in, the expectation of your obedience to them is Slavery because it is enforces at gunpoint.

Yes all those nations claim to be against Slavery.

It is about waking people up. It is not about making out you are the top guy or top team. We work for them to save them.

Is what you are doing work or play?

Do you understand the sate of the world and the legal system which binds them all?

Do you understand it is by legal deception people are in government run slavery?

If you want people to look up to you do the work.

If you want to free them in mind and body you have to provide the information which does so. Wanking on about yourself is not achieving that.

It is not about what you want, it is about what everyone wants and being able to accommodate that. They don't serve you, you serve them. The Good Shepard serves the sheep.

Most of the time all you have to do is explain things to them which they can take onboard and they integrate that information thus upgrading themselves a step at a time.

Not everyone is interested but everyone will be interested when they see what those who apply the information are able to do and obtain.

If you pay taxes you have been Slaved. If you have to Obey the Laws of your region they are imposing Slavery on you.

Planting more tress will not stop this. cleaning beaches will not stop this.

It does not matter what nation of Laws you are in, the expectation of your obedience to them is Slavery because it is enforces at gunpoint.

Yes all those nations claim to be against Slavery.

It is about waking people up. It is not about making out you are the top guy or top team. We work for them to save them.

Is what you are doing work or play?

Do you understand the sate of the world and the legal system which binds them all?

Do you understand it is by legal deception people are in government run slavery?

If you want people to look up to you do the work.

If you want to free them in mind and body you have to provide the information which does so. Wanking on about yourself is not achieving that.

It is not about what you want, it is about what everyone wants and being able to accommodate that. They don't serve you, you serve them. The Good Shepard serves the sheep.

Most of the time all you have to do is explain things to them which they can take onboard and they integrate that information thus upgrading themselves a step at a time.

Not everyone is interested but everyone will be interested when they see what those who apply the information are able to do and obtain.

Sup Smeagol,

You have an under-the-radar cattiness which I find distasteful and tiring. I told you this before. Several times. It really poisons your message and makes me keep you at arms length. You need to ditch the history books and go spend a year hanging out in NZ bars. They'll learn you some manners. The way you speak to me would get you slung off a bar table, at best. You did it way too many times. At worst it'd get you some bar drama.

- Planting trees would include buying up land, logically. Which would lead to people becoming mildly self-sufficient. The first trees would be fruit trees. Which would naturally lead to sustainable food forests, right? Which would naturally lead to more people being able to take a few steps away from the rat race/System of the Dead... amirite? Nebuchadnezzar's plan is hidden in my simple soundbites. I told you again and again. Go watch a few Colombo clips before you come to me.

- Don't talk to me, or anyone, like they're a dumb-dumb. It does not endear you to the audience.

- Cleaning beaches gives a quick cash injection to those who need it. It also starts people thinking about the idea of land ownership. How about we used the cleaner beaches for fishing, algae or sea agriculture? It gets people working, meeting each other, maybe even setting up some small DIY desalination plants. The possibilities are infinite.

- I'm not going to work for a world that doesn't pay me to fix it. Right now, playing guitar is a good route to get closer to my goals. Not sulking, just changing tack. I'm exhausted, TBH. And if I don't slow down now, I'll get burnout later.

Now then...

If we put this mild difference of temperament aside... (I admit I can be a douchebag, and need to be regularly called out on my bs)...

How about you help guide me through the process of opening my player account (In Taipei Main) or where-ever... or investigating the spiritual white boy account?

If we can recover the same mood we had on the 21st to 23rd of June... we could have a really fun, amazing day.

they know exactly who and where he is.

they see him daily and even interact with him; smoke weed, have drinks and listen to live music.

they still can't do shit and neither can you.

Quoting: **Anonymous Coward 80687582**

he drink only coffee and plant tea all without sugar.

weed? correct. he smoke weed everyday.

he knows very well what is happen but he prefer ignore. he is right. if you was him and start to pay attention in all oodds you should go bat shit crazy.

he knows they don't wanna kill him anymore because ofc he is almost doxxed since 2010.

And the most important: Caution trying to kill him bro. He have demons, angels, ET's or God whatever who help him and even fuck with who fuck with him.

Quoting: **Anonymous Coward 80695264**

Weed?! I don't know where you heard that from, but very occasional cigarette smoking, yes, that's more like it.

Doxxed since 2010?! More like 2016-2017. Before that it was just suspicions by the agencies, nothing more. And the story was kept secret and wrapped very well until the time was ripe for disclosure. You got to have solid proof before doxxing somebody for good, suspicion however great doesn't count.

All the rest is generally correct. Well said!
