### God and His Army interceded, You Ignored Them...

**Tired, achy joints?** Here's yoga, Tai Chi, and a million free fitness videos on youtube.

**Feeling sick?** Eat more greens. Try wheatgrass, turpentine, iodine, Linus Pauling therapy, H2O2, MMS.

**Broke?** Set up a crowdfunded economy... use kickstarter and startsomegood to fix your local area.

**Don't like Big tech?** set up your own site...

**Bored, Hopeless?** Help alleviate suffering in your local area.

**Getting hammered by karma? Prayers not answered?** Stop eating factory farmed food, and raise your own chickens, goats, pigs... and treat them well. Whatsoever you do unto the LEAST OF THESE, you do unto ME. TARDS.

~O~

Should I continue?

Nope.

Cos you don't listen.

WTF is God supposed to do?

lol.

### Re: God and His Army interceded, You Ignored Them...

The first step is to stop treating Jesus Christ, etc, as a karmic reset button that you whack whenever life gets too tough.

That era has ended.

All the Armies of Heaven cannot save you from heart disease if you continually insist on stuffing your face with oily food.

Take a look around, and admit, humbly, that the situation is like this because you **IGNORED**

**basic logic and morals.** You thought you had a pass because your were rich, or white, or Christians.

**That's not how it works.**

Whitey does not get a pass from Natural Law because he grovels every Sunday morning, before going and stuffing himself with dead pig meat for Sunday lunch.

Just think how ridiculous you look.

Utter pitiless towards factory farmed animals. Giggling about it. People Eating Tasty Animals. Giggle giggle. Smirk smirk.

Then you get confused and hurt when karma comes and gives you a drubbing.

wtf can God do?

Sorry. It's complicated and there is a side to my story.

We have all screwed up massively. Myself included. God has definitely helped me a lot when I've stumbled. If I have any wisdom, it's because I have made 20,000 mistakes.

I was ranting, instead of judging.

But you have to look at the sodding mirror at some point.

Then you can start to fix things.

Being a Christian does NOT give you a pass from natural law, physical rules, or logic.

Rant over.

Onward.

Makes sense until everyone good and vegan died too.

The laws of the universe as you so wittingly label them, kill 100% of the time.

Nice glowie psyop.

Life is just a joke, human lives the punchline.

Lol. All our little dead worlds are crying from death butthurtopia.
