Shambhala, I discovered it and it's surprising because seeing it's hidden you'll never guess what it is.

Shambhala, I discovered it and it's surprising because seeing it's hidden you'll never guess what it is.

Shambhala's an area in North-West Iran and you'll never guess where it is and who created it.

This is hair-raising news because the King of Shambhala is said in the Buddhist Ngorpa Kalachakra text to be the savior of the world.

It's Earth-Shattering News!

But most won't understand it. Because the Iran of that time was not the same as today and Islam was not as it is today, it was in tatters at that time. Baghdad had just been razed and the Caliph was gone.

Good,  
let's get to it.  
So you need the word Sham and nothing else.

Bhala in Indian language means force or power.

So it's not the important part of Shambhala.

The important word is Sham, which means "the sun" in Arabic or Middle Eastern semitic languages.

So let's go: take the word Sham. Tell me what you see.

You'll see lots of info. But you've got to choose among all those things. You're looking for a land. So check all those links to Sham, and find a country called Sham. You'll only find one. I checked and searched and did many searches.

In all the search results for Sham, there's only one country that fits with Shambhala.... Tell me when you've found it. We'll check and compare our notes. You're on the verge of finding Shambhala so rejoice, the day of Atoning has arrived.

I will research it, thanks.

Off the top of my head I'll tell you what I know.

Three Shambhalla's, at least... Outer, Inner and Alternative Shamballah.

One in the Sun, one or two on Earth, and maybe an entire network.

We can access them from the inner portals in our heart.

It's where the will of God is made known.

Alice Bailey said it's an extremely dangerous energy, that causes widespread upheaval when it touches humanity. WWII was one of the last Shamballah resonant effects...

But this time, a way to carry out the Kalki King mission has been found. We can now undertake the Kalki Mission with a minimum of social chaos... in a more elegant and symphonic fashion.

~O~

I have a question for you...

Is the goal to go through the portal in your heart to Shamballah, City of The Sun?

Or is it best to physically travel to an outpost like Shangrila, Yunnan?

Or can we open a gate from anywhere?

My teacher, in 2009, pointed to the street, and said "I can go from there... I can go from there..."

Just pointed to the concrete road outside Taipa University, Macau...

Sure, life is good now.

I appreciate everyone's continued assistance.

It must be like nudging a donkey up a slope.

**Re: Shambhala, I discovered it and it's surprising because seeing it's hidden you'll never guess what it is.**

OK here's the deal.

You look up Sham in Google and find zillions of references. Sham means "the Sun" in Arabic and from Turkey to Indonesia you've a billion and half Muslims who use the word Sham for Sun. But if you pivot the meaning and discard the idea of the Sun and concentrate on a land called Sham there's only one land in the world called Sham and that's this: Bilad al-Sham.

Enjoy.

Check out what Bilad al-Sham is and what are the borders of that land.

Mind-boggling. It's a massive land. It's the whole Middle East. Now we've got to hone in that result. Bilad al-Sham was not Muslim to begin with and at the last moment before Islam swarmed it there were all kinds of faiths in Bilad al-Sham.

We'll look at that now.

Has anyone found Bilad al-Sham at Google now? Tell me if you've found it. thanks folks. Sharing Shambhala with you all is a great joy to me. I've done five years of Tibetan at Uni and 45 years of research upon the Ngorpa Kalachakra describing Shambhala so ..
