Lol, how could you ever want that job?

To find inspiration, you must look for it, but, fortunately, it wants to be found.

Live free.

Die well.

Re: What's the anomaly up to? Any remote viewers out there watching his "Truman Show"

Right now the nom is taking a day off .
He has stomach problems (for the past 30 years)
that require him to take a tiny 20mg tablet daily.
It must be taken at 4am with nothing to eat until 10am.
Without it , his guts turn into an acid bath , ... can't eat
or sleep. Sometimes it doesn't work ... like today .
Before he found a doctor that would help , he was down to

55kg. and could only eat date scones with green tea .

Yes. A catamite slave in the Windsor pyramid who had a pro gay marriage FB page. Sold Harry Potter shit in a Barnes and Noble. Asked me to shove a hairbrush up my asshole.

You would be better off with a Commander in Chief raised in Amish country and hell being unable to destroy no matter how many attacks it launched against her.

Like he was in 2007 before I ratted his ass out?

Imagine being so brain washed by serving the British Monarchy and it's red dragon that you tell a mother of 3 that it's OK for men to molest children.

Yeah I was not raised a Baal worshipping witch. I can understand how someone raised in a sex cult would turn out a complete eff up in life.

Maybe you should call Scott Bello and ask him the names of the men he pleased growing up in Hexington I mean Lexington Massachusetts.

I am sure Clarence House would have their names.

Re: What's the anomaly up to? Any remote viewers out there watching his "Truman Show"

Re: The Illuminati was made a offer they couldn't refuse.

Their world is built on the idea that time is linear and unchangeable. From it they derive their power and influence. Interest rates, propaganda, punishment, and even hope are predicted on this notion. They have grown into forward-thinking beings adept at manipulation of the future, but they hold no power over the past. Therein lies their weakness and our true hope. They have spent so much time and effort making individual contributions to society trite and meaningless, while diminishing the power of the individual. When they find an individual that gains power apart from them, they are alarmed and withdraw to create a plan to smash it. All this time, they don't realize maybe this person is a blessing; free from their faults, independent of their system.

Is he still OK with men diddling children?

Like he was in 2007 before I ratted his ass out?

Imagine being so brain washed by serving the British Monarchy and it's red dragon that you tell a mother of 3 that it's OK for men to molest children.

Yes. A catamite slave in the Windsor pyramid who had a pro gay marriage FB page. Sold Harry Potter shit in a Barnes and Noble. **Asked me to shove a hairbrush up my asshole.**

You would be better off with a Commander in Chief raised in Amish country and hell being unable to destroy no matter how many attacks it launched against her.

Ask Scott if I joined him for that 3some? The one where he asked if he could bang me from behind while forcing my face into his old librarian wife's nasty snatch.
