Re: Nobo/anom He is a fcking monster, beware!

The battery is going to kick us all out! Fuck you for being so stupid and not hiding his identity better!

It was inevitable. The trigger events that prompted the recognition of identity and recovery of latent memory were scripted into the 4D causality scaffold that governs the geometry of fate. It was a deadman contingency to allow him to become activated if the intended timeline failed to occur. The destruction of human civilization is an act of mercy, not wrath. The cancer that infects mankind cannot be removed while remaining in a physical body. Gene lines have been too badly damaged and memetic parasites have compromised the morphic field. Man is now incapable of recognizing his own sickness.

Perhaps incapable due to being in total denial...

Only the ego would be offended.

How much of civilization is actually perception?

Or preconceived perception?

Reaction in the material?

Or responding to the immaterial?

His true colors are black and red!

Does that mean that all Satanists have actually sold their souls to the anomaly?

Musk's (and his mom's) souls are in anomaly's possession?!

Maybe Musk should buy back his souls with all of his money... though, not it's like anomaly would have any use for that toilet paper shit.

Satanic souls are anomaly's favorite snacks.

Join the fun, brother.

Invent some stupid shit. The stupider, the better.

(... and, if you know how, you can slip in some actual truths, here and there, that only those who already know will know to recognize... but, you'd first have to be a Satanist to know... just how delicious those Satanic souls are...)

Yes.

They enter into The Dark Realm at Death. Better than being stuck with The Collective.

Overdeveloped egos and underdeveloped spirits. Humans are reared in an environment where they are not only dissuaded from seeking self-understanding, they are actively penalized for it. It is no longer just a matter of humans simply choosing to neglect their true selves, it's that they are no longer even aware that their spirit exists, let alone how to develop and commune with it. Those that do choose to do their inner work or explore the subtle mechanisms of the world quickly find themselves under assault from their own friends and family, chastised and cut-off from healthy social contact until they "bend the knee" to the system of false consensus.

People are being trained from birth to offer up their own spirit, their inner children, as sacrifices to Moloch upon the alter of their hearts. The bodies of modern man have become infernal walking temples of spiritual self-immolation. This is more than just simple behavioral conditioning and mass-psychosis, it's a metaphysical infection of the etheric/astral bodies that actively police and alter the thoughts of the collective consciousness and thus, the morphogenetic field. The result is a manifestation of both physical and mental diseases in much larger numbers - which further feeds the degeneration of society.
