And, on top of physical damage and destruction, victims of this have to try to figure out what percentage of things they've done/said/thought/felt were even genuine and not some artificially induced bullshit. Kill the fuckers involved in this. You do NOT want to be in the future they have planned if you aren't one of them, trust me.

Re: Has there been any deaths of the Truman show watchers?

Pretty sure they're going down this year. I can feel it. If not this year, within 3. We're already only a third of the way into 2022 and it's become a day to day situation.

I can monitor them as much as they can monitor me. *I can feel their emotions.* Steve is like a little fat kid who's lost a lollipop.

I had about 4 chances to escape these last few years. If I get out of here, we will never speak again.

Enjoy the ride.

Re: Has there been any deaths of the Truman show watchers?

Think there's a connection here: Tracy Twyman starts communicating with Isaac Kappy and putting together information about human trafficking rings -- then ends up electronically targeted and terrorized/driven to suicide. She started talking about targeted individuals. THIS is the big secret. THIS is what the assholes with the pay per view subscription are complicit in. It's the octopus. The nano mafia. K i l l them all.

Someone should pop in on these two and ask what they know about the cabal, cuz they absolutely know about the cabal:

^ Casey Frey seems like an odd mofo. Check the name of one of his websites. The other guy got suspended from Twitter.

Does anyone have any vague idea of where they sell the pay-per-view subs?

I guess silence on that is enforced under pain of death.

Anyway, nvm. Happier times are coming. Keep your head up and love the spring.

Pretty sure I was personally targeted by him years back. Never heard of him in my life. Guy who flashed an alien face over his called himself KC. looked like this guy. BCI this year tells me to check out this yt comedy group he's in. never heard of any of this shit in my life. same name. looks like the guy. lots of skits where he's mind controlling someone. lots of devil horns... family owns a vineyard in CA.. thought that was mostly cabal/rothschilds who could pull that off.. dave weasel i never heard of in my life, but he had half a million followers on twitter. wasn't following me. months back, i posted the "merry christmas 2013" supposed navy leak about mind control tech --

[\[link to gangstalkingmindcontrolcults.com \(secure\)\]](#)

and the SECOND i posted it, he "likes" it. i've been told people are watching my life. i've been getting nano poisoned/beamed/targeted since i was a kid. they're killing me this year. i'm falling apart, getting pulsed and my brain doesn't work any more. dave weasel is also connected to south park, who are REALLY into deepfake tech and i've been told this year i've been deepfaked doing horrible things that never happened. they ruined my life. they're killing me now. they're killing my dad, too. we're both falling apart. i made up a lot of music as a coping mechanism and wrote some angry emails to someone who betrayed me. figured out too much.. in a living hell.

Has there been any mysterious deaths? Or is that being covered up too? Or what about the few good people who aren't psychopaths and have conscious that know the crimes against humanity being committed!? What happens if someone tries to report the show, do they die mysteriously.. have any of you wondered/thought about that?

Lots of "him".

The people who are highly resistant to Mind Control tech. They have to experiment on them in order to perfect the global system.

I have their number. They use electronic enhancements. You can feed back to them what they put out which created a feedback loop directed back to them. **It fries their brains.**

Don't hesitate to do it. **They don't learn any other way.** You have to make it cost them badly before they back down, then you take the War to them.

I know who they are. Who their families are.

They won't stop until you make them stop.[/b]

They also like to experience where possible what the target is experiencing. Being John Malkovich, it was what the film was really about.

Hedonists.

If you were the real him you would have done what I have done to them. They fear me.

Had to learn to embrace my darkside. That will free you. After that you have no problem doing back to them what they done to you.

If what they are doing doesn't crush you it will make you.

I have written a manual on dealing with them and building your own abilities. That is what the fear, rivals.

Everyone has the power potentially. They keep it in their families *and have spent thousands of years hunting down those with power outside their families.*

I try to teach people how to use it. Few listen, but those under pressure seem to be more willing than those who are not.

How about we go the other direction? You sign under penalty of perjury that to the best of your knowledge there is no mediation here.

Your move.

~O~

Honestly you seem drunk off your face on loosh today. Watch that premium quality spice.

I'm not playing into your frame and proving anything as you have no authority here.

By deduction we can see:

- TPTB have had the technology to wipe out humanity since at least 1945. They have not been able to do so. *Something is stopping them.* It'd only take 20-30 soldiers with flamethrowers and machine guns to wipe out 10,000s of thousands of unarmed people. It has not been done.

- Free will was honoured in the Corona conflict.

- I know personally I have guards. I was told that. If I didn't, I'd be gone now.

*

What course of action are you talking about exactly? I think you said around Christmas 2020 'no need to leave your room to do it.' < Did I remember that right?

I am going ALL OUT to get rid of them on the etheric plane. That can easily cause their total removal, physical and all. On the physical, I am not falling into their traps. I wrote that to you in the simulation kick thread only yesterday.

If I did anything on the streets, I'd be in jail within a week.

If there are any other courses of action, Im all ears. But talk practically and strategically, with a cool head.

tl;dr - psychic attacks are the way forward.
