« Man was built by Cosmic Intelligence in such a way that he can fulfil himself and attain his full stature only by maintaining ties with a higher world from which he receives light and strength. When human beings rely exclusively on their own limited intellect they deprive themselves of true understanding, and it is this lack that is the cause of all their disastrous mistakes. When men are motivated only by a lust for material possessions and power and act in total disregard for the plans of Cosmic Intelligence, they stir up layers of the physical and psychic atmosphere and arouse formidable forces whose fury is turned against them.

The Age of Aquarius will soon be upon us and the tremendous upheavals accompanying it will oblige human beings to understand the reality of the invisible world and the laws that govern it. But the beauty, splendour and harmony of the new life that will emerge from these upheavals will be beyond anything imagined by man. All those who have been secretly working for the coming of the Kingdom of God throughout the world will join forces and work together, and the bastions of ignorance, materialism and despotism will crumble and collapse.

This I tell you. And it will be: nothing can prevent the coming of the new era, the new Golden Age. »

This is why even very powerful secret societies that thought they would control the world have not succeeded, and most have been destroyed

Re: This I tell you. And it will be: nothing can prevent the coming of the new era, the new Golden Age!!!

So true. I just made a thread stating just about the same. Is that why this was suddenly bumped?

It's coming. It's what I live for. The return to innocence and splendor, not imagined by the world we live in today.

The only thing man knows right now is the ugliness that he has created. In all of our advancing, we have squandered our heritage and will continue to progress to the point of annihilation.

God says He won't allow that to happen. Soon, very soon, He will step in and correct the evil that has encompassed the globe and restore the perfection so long forgotten, because it hasn't been seen by the children who are alive today. We don't know what we are missing, because we have never had it.

This I tell you. And it will be: nothing can prevent the coming of the new era, the new Golden Age!!!

I'm expecting "mitternacht" which is like the opposite of the hippy lovey dovey age of Aquarius, I expect war, chaos, disaster, enslavement and suchlike.
