I wonder how many of my gangstalkers have killed themselves over the years

My estimate is probably around 10.

I wear it like a badge of honor.

Keep 'em coming, boys.

Pretty much.

I haven't seen David Belly at work recently.

All of mine have just disappeared. Around 10 of them, same as OP.

They should be starting to look like scared, weak little cucks... cos their veil of power is in tatters now.

He's the alpha male gangstalker at my place of work.

4 foot 5, probably a child molester, skilled in basic psychic attack. Tried to get me to commit suicide with black magic a couple of years back.

Never done a push up in his life. He swaggers around emaciated, stooped, and skinny-fat. Pushes his belly from time-to-time, to assert his alpha status.

Can you and your entire network swear against this?

You've committed either child sacrifice, child rape, child-trafficking, or murder. Or you're involved in the illegal live-streaming 'Truman Show' Industry. You hereby agree to erase yourselves from all of Creation as quickly as possible.

All unsworn responses are Legal Silence, and full agreement.

Sworn under Penalty of Perjury, and Full Commercial Liability,
