The Anomaly Thoughtform is not a Catamite Beauty Contest

There is more than one Anomaly.

If we ever Fix Creation, someone will have to build software, someone will set up irrigation and ditches, someone else will plant forests. Someone will heat old people's homes, someone will house the homeless, someone will bring nutritional medicine to many people.

In fact, it will take thousands of people to accomplish each single goal.

Did the members of the Fellowship of The Ring bitch fight about who was number one? Did Aragorn plot to kill Frodo? Did Gandalf backstab Merry?

So why the moronic self-absorbed notion; "There can be only one"

?

?

???

A traitorous Wormtongue lurks in our midst.

A plain clothes mod who drools over power.

A boy who never learned to share.

~O~

Get over yourself and accept your place in Our Creation like a grown adult.

Or be annihilated, as it pleases you.

You have nuked a ton of threads, and it'll get even worse for you if you don't stop.

Final Warning,

Daozen, Black-Eyed Fool.

you are telling other people to get over themselves.

are you over yourself?

I bet your ego would not handle homelessness very well.

Schoenberger "has an extensive criminal record" and "has a history of being accused of co-opting businesses and movements, including "game jacking" the Cicada puzzles and has been convicted of felony stalking, the investigator told Heavy. Court records show Schoenberger, 60, pleaded no contest in 2011 in Napa County, California, to the stalking charge.

I am a **Leo**. We never get over ourselves.

I hereby demand that everyone else gets over themselves.

So I don't have to.

Sure, I wouldn't like homelessness.

What's your point?

Wait until you find out that Lord of the Rings wasn't fiction, Tolkien was sharing an ancient tale from before the Flood that he found while working in the Vatican library making copies of ancient texts from before the Flood of Noah.

Sauron didn't die, he's the current ruler of Earth.

There's a reason why the SYNDicate is spending millions of dollars to make a Lord of the Rings series about the rise of Sauron.

In a recent interview, the showrunners said the primary purpose of the show is to show the people the real Sauron, and why his cause might have been the right and proper one.

They are literally making the new Lord of the Rings series to create a narrative claiming "**Sauron was Right.**"

Just wait, you will learn secrets about the ruler of EArth in that series.

Is that you Heimdall?

Shouldn't you be paying libations to Tunacan this bracing Winter morning?

Do you bow to him?

Do you prostrate yourself?

Or just hang up a picture and flagellate yourself?

Yes, it's ancient history, but it's also happening now.

So...

A question...

What is the Ring, Heimdall?

Redeem yourself, there's still time.

Laughing Out Loud.

The Ring Bearer.

to a certain extent, humanity is the Ring Bearer. You can no longer separate Humanity, Saturn and the Earth.

They all make up The Ring, and most likely the other planets too.

But some bear more than others.

If you take a heavy load, you will One Day be rewarded.

That's why I don't full on fight him.

He's helped A LOT too.

Very conflicted character.

He either going to lunge at me, or his boss one day. And no one really knows who he'll decide to go for.

Im just telling him to cease with the deletions, because its impeding communication.

They also delete microfinance threads, and that is bloody annoying, because we're trying to alleviate suffering.
