Re: What is the deal between the anomaly and the illuminati?

I thought it was mr. n0b0dy that made them a deal they couldn't...

Or are they one and the same?

Re: What is the deal between the anomaly and the illuminati?

There are none. It's a Manchurian candidate who can easily be portrayed as the Christ or Antichrist. The subject endures a lot of torture until they are a shell that can be used as a vessel and then they are offered exactly what everyone else is for their trouble in turning the world into a perfect panopticon feedlot for the bankers and aristocrats.

Some details help.

Who in you opinion are The Illuminati today?

What makes you think the A did a deal with them?

Can your source prove it or it is just conjecture or baiting of the A to draw him out to?

Nothing and cut off.

Chapter 3: Ashtar's Personal Frequency

It is one thing to understand the Etheric nature of a Being; it is another matter to know his personal vibrational keynote. What is Ashtar really like beneath his seeming stern ~ militant demeanor?

As a Universal Statesman of wide renown, his policies of nonintervention and support of Man's Right of Choice are respected and supported. He deplores the manipulation tactics of the World's "Illuminati" Secret Government and its grip upon Mankind.

It's a psyop that tortures mentally ill people. There are bad threads about it all over the web. If I stop coming, that means I'm dead. The initial losses I took from this site all came at the beginning. The rest was the fallout. I just don't care.

If you're going to try to be a control freak, it's best to actually have some real power to back that up.

Read enough of those texts. They spent most of their time making kids have hangups about sex from demonizing ejaculation and didn't end up helping anyone. The Holy Spirit is a special kind of psychosis caused by isolation and forced abstinence. I see no value in any of it, and don't want to help those who it will obviously benefit. They've got enough power already and abuse the hell out of it.

Re: What is the deal between the anomaly and the illuminati?

In every debate or discussion first we define our terms so everyone knows what the words we are using are intended to mean.

This requires the OP to define who they think the Illuminati are in this day and age, *which tells us why they wanted a deal and what the deal might be about.*

Who is the Anom?

Why did they have to do a deal or decide to do a deal?

If you can't define these *there is no constructive discussion.*

Constructive discussion uncover hidden elements. When we do it properly we find out stuff we didn't know before or had simply never thought of ourselves.
