Re: The United States is where most of the die off is happening

of course the premise of this thread is probably not true

many places are having their populations destroyed even faster

like Russia and Ukraine

and who the hell knows how many millions are being ground into paste in China

Re: The United States is where most of the die off is happening

Yeah we dont hear about deepest darkest Africa deaths do we?

A continent of 1.5 million with the worst health care system in the world and all is Abby-Normal....

Bbbbut, also we dont hear about our homeless population across America dying or our members of Congress or those who work in Congress or the Federal Court system who also do not have any vaccination requirements.

Oh and dont forget our 5,000,000 Obiden voters pouring into America with NO vaccination requirement.

But hardworking, healthy Americans with easy access to the worlds "best" health care system on earth?

DEAD and DYING.

Quoting: **Anonymous Coward 84841703**

Its not the jabs.

They're being annihilated at Matrix root level because they wouldn't accept the new covenant, so to speak.

Whitey failed testing the hardest.
