Page 47 outlines the ultimate plan for humanity as set in motion and maintained by the Illuminati. While the Masons date back to ancient Egypt, the Illuminati date back farther, before Sumer. The Illuminati were the first true scientists in human history and, upon realizing the amazing and very real power of science, created a secret society to protect themselves from religious persecution, to pursue science unencumbered, and to work for humanist ends. Over the millenia, they've worked behind the scenes to subtly manipulate world events in order to steer humanity in a particular direction, that of ultimately becoming a powerful and peaceful one-world technocracy. The problem is that, to reach that goal, certain things would need to be tried and proven false like monarchy, theocracy, oligarchy, and even certain forms of democracy. Organizations like the Freemasons are pawns of the Illuminati, easily maneuvered.

The Anomaly Defeats the Entire U.S. Army

You ever met your overlords?

Here in this place... Its best to be respectful of something undisclosed....

And be tough enough to roll when respect is gone.

Be true to you or serve them.... But be honest about your selections
