Re: Many people are now having dreams of not going to make it to Heaven

You will not get in on your own merits, no one is worthy. That doesn't mean you shouldn't still try. Love God and be good to one another and accept the gift that Christ has given to us.

Quoting: **Anonymous Coward 83080836**

Let's say we all accept Christ make it to heaven where none of us are worthy...then what?

Sit around feeling sorry for ourselves because Jesus tricked us into going to heaven?

Why would you want to be somewhere you aren't worthy to be?

Christ is an old creator Son from Heaven to start with... the christian teaching is stupid.

Re: Many people are now having dreams of not going to make it to Heaven

What have you dreamed about the last few nights?

Quoting: **Anonymous Coward 79556534**

Mixture of semi flying with tether and kind of parachute/wingsuit thing(it's a dream what do you expect). 2 of the last 4 night actually and it's really cool, I can have some very vivid like dreams, this wasn't a full on lucid dream but still very fun. Pretty much was just enjoying the experience of it, kind of like something was tethered to the ground or a pole and I was using the full 200+ feet of the line just flying/gliding with wtv it was, mostly the sensation of flying though but with the resistance of rope at max length.

Was super fun hopefully I'll have more.

Re: Many people are now having dreams of not going to make it to Heaven

Accept the GIFT of forgiveness. Jesus will forgive us for falling short of perfection if we ask for it. 'I'M SORRY' goes a long way with Jesus.

Quoting: **Anonymous Coward 83685067**

Yes if people want to receive forgiveness they will receive it.

But that is not where we collectively are in our hearts. Most people dont want to change, they may want to live in a way but its conditional. Saying sorry but not wanting to get along with others wont be enough to walk the narrow path, and that IS where we collectively are. Many people dont want forgiveness, they only want to go to Heaven if they can have it their way.

Going up and feeling loved then suddenly sinking back down into an abyss

Up in Heaven everyone wants you to live so you go up. But once you are up there you no longer want to be there because of what i said in the OP.

Is it wrong for me not to want to be saved?

Being saved to me means continuing to live.

I just want to go back to the darkness.

Will God forgive me for rejecting life in favour of returning to him?

You CAN return to a good life, the good life, but it seems its a razors edge, so you definitely need help, like most here including me, but we all have unresolved issues, and our heart breaks easy, and our longing and desires is not necessarily evil, the hunger is real, hunger is not evil its a expression for a lack of something, you are being deprived of something, it might be love or sex or whatever, but you CAN get satisfied and just be, but then the razors edge applies and it's easy to fall again, hence you help, hence it's important you ASK for help.

Ask for help, for God's sake ask for help.

Ignore OP. There is more going on right now then what OP is claiming, which is just to keep you feeling separate from God - who is always with us in our heart. OP is just peddling bullshit trying to keep us in fear and worry, which seems more

demonic than goodness.

Sometimes you can feel the energy and intent from the text - OP's same old bs claims are to fuel her narcissism and sense of grandeur. There is more to it than this, but hard to explain and not worth it.

We will all make it. Believe in the source of love and goodness, God's love is beyond anything that human minds can comprehend. We are all connected through God. OP is still stuck in ego based judgments of who is "worthy" - get out of here with that nonsense and narcissistic bullshit

I'm sure that many of you somewhere thought that you were quite ok, not a bad person. But now people will dream of why they are not, and why they wont make it to Heaven.

Its because you are small and young compared to the big boys and girls that will make it to Heaven. What is "up" to you is not "up" to them and thats why you dont want to live with them in Heaven or on Earth because you cannot be who you want to be.

This is where we collectively are in our hearts right now.

Dreams are not the be-all, end-all true deliveries of messages that people believe they are. Dreams are easily corrupted, easily influenced.

What we should know before we die

When we cross over we will still have free will which is critical to our continuous refinement.

We will still be in a position to continue to refine in mind, 'body' and spirit.

We will still have the potential to raise our 'vibrations' of the soul to graduate to a higher realm where there will be higher levels of ecstatic experiences far more intense than the one we initially entered.

The afterlife is divided into different realms (afterlife worlds)- from the lowest darkest vibrating realm to the highest.

We are credibly informed that the average decent person will go to the 'third level.'

There will be venues of all kinds of learning. Artists will be able to continue to refine their skills to create enormous inspired beauty. Musicians will be able to perfect their skills and refine their creativity with added inspiration to produce the most heavenly music. Whoever you are, whatever you desire, you will have specialists who will assist in your endeavor to perfect your skills. We will have opportunities to continue to follow the dreams we had on earth and have other opportunities do creative and other things that perhaps we were not able to do on earth.

Also we will be enjoying perfect health - the cripple will walk again, the blind will see again, those with any physical or mental problems on earth will be perfectly normal again.

The greater and the lesser will be judged ONLY by the level of spirituality (level of vibrations at the time of crossing over) which will be indicated by the brightness of one's own aura which surrounds the body.

But one thing is certain, we will find ourselves in a most friendly environment where we will be able to continue to refine with much grace and inspiration - even if it takes eons of earth's time to reach our goal - the highest spirituality.

We have an eternity to continue to improve, to progress, to refine in mind and spirit.
