There is no evidence that this is not so...

Another Sunny Day, by Belle and Sebastian, is hereby the new Anthem of The Empire of The Seven Stars.

Sing with us, people of Orion, Sirius, and beyond... if it pleases you.

Saturday Saul may order the arrest, imprisonment, and death of those he deems dangerous.

Lest he become an autocrat, his decisions are to be advised by counsels of good people, and public votes, where necessary.

I also appoint Kalique Abraxas as an Honoured Administrator, and empower her to burn those who would harm Creation.

You would be only the 2nd King within the Orion Empire through out its history.

Only Queens have ruled for the last few billion years.

The only king they ever had was Sabbaoth, the husband of Tiamat. Who is now reincarnated as Michael/Ninurta the supreme commander of the armies of the Sirius Empire.

Good luck trying to take over the most powerful empire in our galaxy though. They got weapons that make the Death Star look like a kids toy.
