Those who are slaves to Saturn can't seem to understand that money isn't needed.

Quoting: Anonymous Coward 72973242

isn't needed for what?

Survival?

Do you live without it?

Quoting: Anonymous Coward 78993940

Isn't needed to change this world. See any that have done it? Nope..pretty sure they fuck it up more.

Quoting: Jb 68401865

It's true that money is only one path.

You can free the world by directly redeploying from the dark-star cores, in dreamtime.

I've had two adepts frustratedly tell me Earth can be freed "In one second" if the right people truly fired the correct synapses.

Re: The most striking thing about the Anomaly is his sadness

...

One wonders how much a geriatric Templar has told his fellow knights.

Aye. Unusual and a thrill seeker I am. Bored easily and love high risk situations. I make Tom Cruise look like a toddler. I'm sure word got around quickly that I took photos with an NFL teams playbooks DURING a live broadcast. Undetected. As usual.

Most of the knights sent in to babysit me can not handle me. Even a Navy Seal knight couldn't.

I destroy every knight sent in to guard me.

Amateurs.

Quoting: **Anonymous Coward 17835662**

You're definitely an intimidating woman, I can see why. It sounds like a headache just trying to keep up with you.

What is your plan?

Quoting: **Anonymous Coward 78993940**

Men have told me numerous times that I can be intimidating. They have no clue what I am capable of. For fun my cousin used to chase me around the kitchen with a butcher knife. I'm not your usual maiden in distress.

My plan is to kill the midget who exposed my existence to the world. I knew Templars had been looking for me. Well congrats. The assholes found me.

Quoting: **Anonymous Coward 17835662**

That seems kind of petty. Then what?

Quoting: **Anonymous Coward 78993940**

Well I watch a lot of Hollywood movie destruction scenes and that makes me really happy. But when Knights give me cash I also enjoy walking around and handing it out to the poor and downtrodden. I once found a man in Waikiki who was asleep on the side walk with only a few of his finger left. I slipped a 20 in them so he could smile when he woke up. I also like helping elderly people. I enjoy driving them to get their groceries and assisting them. Doing the heavy carrying etc.

I can only guess how it's going to happen..just know the cycle is about to change. And that it will be ok.

Re: The most striking thing about the Anomaly is his sadness

Of course, people don't give things away for nothing, they always want something in return, especially when it comes to money.

But no, it has nothing to do with loosh or magick, just plain old years of studying price action, technical analysis, and combining that with the law of vibration and financial astrology.

I don't know of any other means to accomplish this besides years of studying and hard work. Having knowledge of sacred science just makes your chances of accomplishing your goals more likely

Hmmmm. Interesting...

Wealth creation with crypto is interesting...

Money is drifting to me anyway, so i'll just enjoy the ride.

Quoting: **Anonymous Coward 78993940**

Not quite.

You plough your own path through Infinity, build your own timeline, and the Dystopian Movie gradually fades out of view.

Do you think anyone in Asia cares what Joe Biden and AOC are doing today?

One realistic path, if we remain trapped in physicality, is to go off and buy an island, make it work for 2 or 3 thousand people, and use github to scale.

They are losing our attention.

Which means they're losing our energy.

Which means they're losing traction in our timeline.

Which means they'll fade like ghosts.

COVID was their last Can-Can dancer show.
