

My name is Jake Mackenzie, AKA Daozen 'Joffery' Baggins.

I swear under penalty of perjury, the following declaration is true.

This is my final and Universal Truth.

This world is My Private Dream, My Private Universe. Other men and women have their private universes, this is mine.

If anyone wishes to challenge this statement, they must do so within 24 hours, at [jake\\_snow@tutanota.com](mailto:jake_snow@tutanota.com)

I call all the Universal Courts of Creation, and Beyond. Hear me speak and write my immutable.

- This world is a small and separated realm. There is a greater realm beyond, above and below.
- Many people have told me this is a simulation, and this world is "not real".
- Knowing that this world is not real, I wish to go to a different world, a new level,
- It is my will to be physically guided out of this world, to a natural place, where I can rest and heal. I do not necessarily want to escape this world. I want two-way passage. Others can enter and leave this world at will. This basic human right has been denied to me. Rules have been broken. I have been subtly coerced and manipulated.
- How have I been manipulated? I have asked for 2-3 years for a mediator to be appointed. For 2 years, no one would speak to me. Now I have met one or two competent mediators.
- I believe
- Comfortable in Danshui

I define the process as follows.

- Someone will come and be near me in public.
- One of us will strike up a conversation. We may or may not exchange contact details.

I have decided, under my immutable will, that I wish to go to a HEALING PARADISE in the mountains, or near the sea, if possible.

I pledge to be peaceful. I am aware that you don't trust me to be stable and pacifist.

I need, a lake, a tree, a stream.... and maybe a laptop to communicate with topsiders.

I am more than happy to lead a microfinance open source software initiative, if I can (ideally) do it from the underground.

I am not interested in "The next level of The Game" - because I don't trust or have any interest in the managers.

I will to HEAL.

I hereby state the following. In order to film or broadcast me, you need to approach me ONSTAGE, and ask for written permission. NO EXCEPTIONS, Saul of Hsinchu, with all due respect for his hard work and stability, not excepted either.

It is my will to go to a peaceful healing paradise, and

- Found a small university to assist topsiders, if possible.
- Relax.
- Heal my face, teeth and body.

I also will anti-aging methods,. to help me reverse my age 5-10 years.

THIS DOCUMENT IS NOW LIVE.

I ask My SAgittarius Princess, Star of Heaven , Taylor... to enact this to Her Highest Will.

Let's Redeploy the server again.

Public copies for Saul and MRT Lady will be copied off later.

Thanks for Listening.

I place myself under NO ONE, and I Declare that I am Judge, Ruler and King of My Private Universe, and all of My Known Creation.

Jake "Seraphi, Abraxas-Baggins.

DONE.
