Re: I keep pushing for success that's never gonna come

What success do you want, Sir?

We are 3-12 months away from raising money and winning.

Then we can go to The Hollow Earth, and ignore everyone.

Come and talk here if you want:

Re: I keep pushing for success that's never gonna come

I got a mental condition
And I keep trying to push through it
It's like I'm trying to rule the world or something
When I'm on disability
And I could watch movies all day and relax
Why do I keep pushing
Why must I succeed

Your upbringing, the love was probably contingent on those factors

Duck that inverted upbringing. Disregard YOUR MIND , just be yourself and be happy

You aren't your mind or your thoughts. You have them.

It's like your arm / hand twitching. You don't say "I am twitching" — you say your ARM is

They're trying to push you too hard.

It's a sneaky trick they do to the front-runners.

They're trying to get you to sprint in a marathon.

What happens to sprinters in Marathons?

I'd focus on the absolute basics: Good green food, barleygrass, exercise, walks in the park, music. Away from mobiles.

I try and live a Hobbit lifestyle.

Declare your new reality, what is important for you and fuck everything else

Hell right now they are isolating me from society because they think I'm a menace to it

Don't worry about ruling millions little boy

Worry about ruling and conquering yourself first

There's enough psychopaths trying to control others/ not enough dominating their own inner dragon
