☐

18:19

☐

Tony Blair called us fucking idiots for not taking this. That is a farmer, angry the cows won't get in line to be branded or slaughtered.

Literally angry we didn't get in the cage.

He says it only works with Huawei phones.

Huawei = who are we = MAC addresses identify you.

The west tried to ban all Huawei gear before the pandemic too.

Very interesting.

Its worse than that. Its what's going to come through. I keep trying to warn anyone who will listen- there is nothing artificial about AI. There will not be human operators logging this, it will be connected to AI. All the clues are there. Computers run programs called 'daemons' - or in the English language - demons. To connect to the internet you go through 'portals'. In Hebrew, the letter w = 6. Www = 666. Apple logo = forbidden fruit, android logo = transhumanism, chrome logo = 3 sixes and more tell tell signs. To run this they will need quantum computers who's creators openly admit tap into other dimensions and are expecting a new kind of intelligence to come through. In revelation we are warned that babylon becomes over run with devils and foul spirits - how do you think that happens? In revelation we are warned the 10 kings will 'think as one mind' and are also warned that the nations were deceived by pharmakiea.
