Re: How about we just Cancel HIM ?

...

some evil master hacker villain type missing
from the living movie

who magically gets away with everything

in private jets and he goes to war zones and
returns safely

but in the end...

he is our villain

Quoting: **Anonymous Coward 82638001**

The first groups to help us fix the physical mess here
will most likely benefit. Partial amnesty, new business,
better travel in Asia, women, healing, music,
festivals...

I can't provide that physically now, but it's on my path
in the next 2 years.

There are MANY groups who can help. In casual talks
right now. Once one group provides money +
assistance, I'll have a lot less time for the others.

Quoting: **Janitors 84866032**

How grotesque, no mention of the desperately needy, the
starving. Shoulda been first on your prissy little list.

Quoting: **Anonymous Coward 71375307**

Once I fix my own house, and buy some pheromones and a new guitar.
I'll build software for people who want to raise money.

Christ you are boring.

Quoting: **Anonymous Coward 84866032**

Thank you, that's an upgrade from vapid, self absorbed wannabe.

Re: How about we just Cancel HIM ?

Still hasn't figured out there is no "power" for you to get back.

Still hasn't figured out you never had any "power" to begin with.

Still hasn't figured out that the bulk of what he does is take your own effort and turn it back on your own heads.

Still hasn't figured out that in trying to "cancel" him you effectively cancel yourself.

Still hasn't figured out it has nothing whatsoever to do with "him" and everything to do with who and what he represents.

Far as existence and the understanding thereof is concerned, you were given the bottom feeder with training wheels edition. Having failed even that, what is it exactly, that you imagine you're capable of accomplishing in "actual" sense?

How about we just Cancel HIM ? - Page 2

Re: How about we just Cancel HIM ?

I am thinking he is thinning down the numbers he is in vibration with.

Removing entanglement from others so he can go elsewhere without the drag, *but with those he relates to the most.*

I think he want the rest to go their way and be in charge of their own demise *like real adults.*

Only those *who are like him and love him* really understand him. To everyone else *he seems to do things for reasons they don't understand.*

I just think he is choosing his companions for the next level up more carefully than he chose them for this layer.

Just my personal theory.

But I don't want that.

If you want that now you have to make me or kill me, which then makes you The Bad Guy.

Is that what you really want...it is extinction of the Mind to do so. You end up *out of being nice* having to ask everyone else for their agreement to do an thing.

I have tried those systems out. The only one which gets people out is **Ruthless Competition.**

It is literally that hard to get out of the box. It makes you do things you would never do if you want to get out so you remain imprisoned forever.

Let go all morals and embrace Power and Systems of Power. If you are better than other people don't bend for them and be weak because they are weak or stupid.

The best do deserve to go on and they will always be dragged down by those who are not.

All those people who would embrace those pathways would and do despise your idea of a big happy family where we are enslaved by everyone else *because we have to be nice to them all.*

There are many type of people and pathways. I have travelled many of not all of them in my journeys. The amount of people I have broken out is few.

I have mapped many paths. The pathways out are always Dark. In order to survive you will need to be self centred but co-operative. If not **someone would**

have tricked you into sacrificing yourself haloing the way.

Dark paths are not for the weak, they take the weak and only leave the strong.

Or you could stay here and one day be bled dry by the machine milking you for everything you have got.

Time to wake up snow white and get your hands dirty.

Re: How about we just Cancel HIM ?

If you block or ignore us in the West, we'll just go and set up in China and India.

Can walk into any Indian engineering college, and find dozens of competent helpers. Chinese is solid pre-intermediate. Those two countries are the center of the world. Whitey does not have nearly the sway that he thinks he does.

Everything you do is just wrong, and help us get stronger.

You guys make Dick Dastardly look like a tactical genius.

Quoting: **Janitors 84866032**

how am i helping you defeating my own position?

can we set a truce on a balance?

like mutual interest like a deal

Quoting: **Anonymous Coward 82638001**

I have been offering that since 2009. lol.

You are the ones who have been running around. But I understand it's cos of your offworld handlers. We're trying to help you drift away from them.

What do you want?

I would like:

- No strings cash.
- More mediators appointed (this can all be casual and verbal).
- Free onstage travel. A passport or letter so I don't get hassled for PCR tests and jabs.
- Quarantine weaker or lifted, maybe so I can go rest in the mountains.

There.. that's a clear list of wants from my side. What do you want?

You can talk here, in case these thread gets nooked.
