I don't think anyone will leave the box until you apologize, compensate, and clear up the mess...

JMO.

I could be wrong, and this could all dissolve into nothingness...

But I'm not sure if that'll happen.

It's like you all don't want to face the music, and clean up after the party.

- You made the homeless problem, start to fix it with sandwiches and projects.
- You stole tons of cash, start to pay it back.
- You made awful software... write better software.
- You were rude and controlling, start being kind and supportive.
- You messed up the farming situation, fix it.

And so on... you really need me to lay it all out point-by-point?

~O~

No one is forcing you to join a chain-gang and get flogged in public.

Those are actually very fair, reasonable, propositions.

They give you a hell of a lot of leeway to decide how you will accomplish these goals, when, and who with.

But even these small asks... to actually do something with your bare hands, to fix the mistakes in the physical...

No one even said it has to be with me... Im doing alright in Asia.... if you think Im an obnoxious cuck, go work with someone else.

Where are The Reconstruction threads on GLP?

Nowhere.

Even asking you to clean up the mess makes you throw upper-middle class fits.

WTF, America?

Asia is busy shrugging off the NWO and rebuilding...

The era of Nephilim exceptionalism has ended, and you find yourselves....

aha...

blha blah blah..

Enough.

You get my point.

Tards.
