Is It Possible To Guard and Preserve Your Loosh?

The comments and theories about operational human spiritual existence seem to range from our being just flotsam leftovers of some genetic engineering, to being actual farm animals allowed to live and then be harvested for a number of reasons, one of which is the production of loosh as a food energy for out of world beings.

The Loosh theory does account for a lot of Historic Spiritual Narratives, even that of Standard Biblical Christianity. Sort of.

Why are the following aspects of human life treated as currency within all of the Spiritual Realm?

- Intense Emotional Energy and Activity.
- Literal Blood.
- Verbal Proclamations.
- Sentient Pursuits.
- Collective Group Mindsets.
- Written and Three Dimensional Symbology.
- Music and Audible Frequencies.
- Worship and Affection Upon Intangible Realities.
- DNA Coding.
- Supernatural Activities.
- Esoteric Knowledge.
- Subjective Knowing.
- The Immaterial Force of Life.
- Raw Power Over The Physical Environment.
- Control of Other People.
- Expression of Sexuality.

"Loosh" appears to be about the intensity of the cognitive contents of one's Mind and Awareness. How do we keep it to uprsel, without some being taking it away?

Loosh?

Since when does Truth need to "account for" that which is not Truth?

*"Mental slavery is the worst form of slavery.
 It gives you the illusion of freedom,
 makes you trust, love, and defend your oppressor,
 while making an enemy of those
 who are trying to free you or open your eyes."*
 -Fiyah

"None are more hopelessly enslaved than those who falsely believe they are free."
 -Johann Wolfgang von Goethe

*"You have been programmed to resist the very person that is here to set you free,
 from the prison of your Mind... You are not free... everything you are has been
 manufactured by Minds that have not your best interest. You are imprisoned by
 beliefs and not reality. Religions are mental programs to imprison your Mind."*

Emotion.

Loosh is just emotional energy.

Nothing mystical, just emotional energy, which warps apparent reality and fixes odds if you can work and direct it.

Not many other creatures in the dualities make it in the qualities humans do.

We make it at will...or provocation. In practice all they have to do is frustrate you and they have liberated some.

Think about The Media, all they do is try and liberate it from you.

What you don't see is the beings hanging around you harvesting it. Demon food. They feast the negative emotions. They are willing to spend a piece of energy to provoke you into giving them 10 times more.

If humans are being used as batteries it is Emotions which are the voltage.

Sure are a lot of happy people out there, and they're happy because they can ignore the suffering of others. You make people suffer and call it truth, and you work for happy people who don't care who they hurt. Power is truth, and any other facts can be buried along with the people who know them.

All Emotions are energetic. The heart of occultist workings are rituals designed to get people emotions but focused.

Ever go to a large sports match?
You can feel it palpably.

It can be used for good or evil, the energy itself is neither, it is what you do with it and you beliefs which make it good or evil.

People who are worshiped often use it, rock-stars who understand the game for instance. Politicians who are worshiped by their supporters.

Focus of many on a single being is like a magnifying glass.

It is why **You Know Who** is so popular and powerful. They have invested in him to save them so he has all that power...as long as he agrees to do it.

Those rituals are abuse. By 'focus,' you mean the way the Japanese make a bonzai tree or a European makes a topiary bush. It cripples a person into a certain shape for a certain purpose. The same time period and way of thinking is responsible for it and eunuchs, and it's basically the same techniques as abusive parents. No excuse for it really, and the priorities involved are really disgusting to anyone who didn't grow up in a third world country.

Everything here is trying to draw an emotional reaction. It is what makes this experience addictive.

Consider we are being pleurably raped. People take pleasure from emotions. By providing this experience the beings doing so are harvesting you.

Metaphorically they are masturbating you while bleeding you out. As long as you keep being sensated you tolerate the bleeding or don't even notice it.

Like moths to a flame are the beings who see us and our vulnerabilities.

All the fun pain love and misery we experience and create emotional energy as a result gets eaten by something else.

They are trying to make us slaves for all time.

You can do it any way you like.

The churches I was in as a youth healed people. They cast out demons. Their emotions were Love Spirit aligned. They were aligning themselves with the frequencies of God and his energy.

I also witnessed people healing people outside of the churches who did not even believe in God. Yet they could do the same things, excepting casting out of Evil, they were pretty useless at that.

I have investigated every operative working Magic or occultist workings and they all work the same way. Emotions and focused beliefs.

If you are not able to be empowered by what I have written you will never be empowered.

Re: Is It Possible To Guard and Preserve Your Loosh?

Loosh is not just about quantity.

It's not like dollars, or grains.

It's quality.

Every human produces a different blend. Look at musicians. No two are the same, right?

You know when you talk to an older person, their company and wisdom is like fine wine...

Younger people don't have such refined and blended emotions, but their energy can be exciting, like bananas and chocolate, or a Jack Daniels and coke.

So, it's all good...

Produce your unique elixir.

But don't give the stuff away, like a village whore, or needy rich-kid. Learn to restrict the supply...

When you restrict loosh, you'll first feel a cold, disappointed feeling. Many have spoken of this. They are mad cos they can no longer feed.

Then, learn to reclaim your own loosh... remember, you're not vamping off anyone, just calling in your OWN debts.

You call in energetic debts by **force of will**.

I'm still learning to reclaim spirit energy. When you do it right, it should feel like "your luck/calm/spirit is coming back to you"

When we feel angry with someone, it's normally because they've looshed us/raped us energetically.

The real trick is to restrict loosh supply AND enjoy the world. That is a tough

balancing act, which requires a mood rarely experienced in day-to-day life.

Gymnasts/musicians/actors/artists/sportsmen exhibit that trademark mix of discipline and joy, which is why they are held in high esteem in our society.
