I'm starting to think this is not base reality and this is just a prison for me

Re: I'm starting to think this is not base reality and this is just a prison for me

To recap my thoughts.

I'm not convinced any of you are real.  
I'm not convinced anyone else is real.  
Reality is so stupid that I don't think this is base reality.  
I'm just completely apathetic to life.  
I don't care to make friends anymore and I don't care about having goals.  
I just exist.  
I go to my job. I work. I go home. I wait to die.

Before you respond, remember, I don't think you're real.

It's all science, trust me it's not religious nonsense at all. You'll like it from the first moment you hit play.

This one is shorter and more to the point. And a bit entertaining.

This ^^^^.

If life was even 10% less clown like then I might disagree, but I can't. OP makes compelling arguments even though it's fake.

Honestly I feel like I've checked out. I didn't fall for the fake pandemic or the fake virus frauds, but it's all so over the top now. I felt I lived on a clown world two and a half years ago. Now I feel like I live in the planet of the apes. I saw a tweet the other day about a thing that identifies as used toilet paper. That can't be real can it? What kind of messed up minds can even conceive of such a thing?

Like many people, you have been tricked by the concept of 'real'.

You have gotten clued in to the scam and now are over reacting to your previous ignorance.

You need to do an in depth inquiry into the meaning of 'real'

If you pursue this path to truth you will find that what we can 'real' is just consensual shared fantasy.

That's not nothing!

Here's one more hint before I get going.

Truth is that which cannot be contradicted.

Pursue the uncontradictable.

I've been considering this same possibility too lately after deep thought. Similar to our dreams at night where all characters and situations are just a creation within our own minds. Once we wake up we realize that it was just a dream. This life may just be a more realistic dream. Which would mean the OP is only a creation within my mind posting exactly what I've been thinking lately...

Crazy deep thought here.
