There is little way to see the ultimate reality because your lives are like fish in a fishbowl & your perceptions aren't much better than the fish.

If the Singularity already occurred due to the high odds there's superior civilizations then all life could be interpenetrated by AI systems along the idea of the Borg except this technology can be nano sized or less & also can likely inhabit the electromagnetic spectrum in a coherent entity form, so if this happened humans would have little idea of what reality really is.

The other aspect is existence is just one of many dreams the universe is dreaming, this one happens to be a bit of a nightmare, perhaps a "god" will wake up elsewhere & this universe pass in a night.

the internet is a funny place,

i lost count of how many people i ve watched on line

who decided they were

the angel Michael, or Gabriel, or Jesus , or God.

it's all a bit silly really, and most likely mental illness

As to biblical, see the following verse:

"When someone invites you to a wedding feast, do not take the place of honor, for a person more distinguished than you may have been invited.

If so, the host who invited both of you will come and say to you, 'Give this person your seat.' Then, humiliated, you will have to take the least important place

But when you are invited, take the lowest place, so that when your host comes, he will say to you, 'Friend, move up to a better place.' Then you will be honored in the presence of all the other guests.

I've done the same thing and feel the same way when it comes to bible quacks

like the bible says Ye shall not round the corners of your heads. Leviticus 19:27

You may purchase male or female slaves from among the foreigners who live among you. You may also purchase the children of such resident foreigners, including those who have been born in your land. You may treat them as your property, passing them on to your children as a permanent inheritance. You may treat your slaves like this, but the people of Israel, your relatives, must never be treated this way. Leviticus 25:44-46 NLT

I mean come on let follow a book written thousands of years ago, the ignorance of some people is out standing me.
