They will try anything.

Look at the huge effort expended in these threads.

Not so much literally snatch, but run narcissist love-bombing game, and get the person under your thumb.

I am AN Anomaly. There has been a literal queue of adepts trying to make me their pet. Sad motherf**kers.

Even if it is one perosn, Luke Skywalker and Frodo needed THOUSANDS of support staff.

So what's with the Highlander poppycock?

Why are you guys still at it with this anomaly business? Too much skitzophrenia. I still maintain my original analysis. Bunch of noobs who had inaccurate perceptions of these various communities and thought they could word vomit here too and it would be picked up. Now it's not being pickup up like they hoped because of those inaccurate perceptions I mentioned earlier so they just keep repeating to avoid facing reality.

Is cringe. I actually like flat earth as a negative manipulation on the conspiracy community more than this BS. And flat earth is lame cringe too. I suspect the resurgence of flat earth theory a decade or so ago onto conspiracy forums was a similar thing. Case study into manipulation with that one being the control. And now it just has legs of its own being a mix of people larping being morons thinking their helping perpetuate bullshit with far lower % of people who actually buy into the idea wholesale.

That is better than your weaksauce bs.

The reason brother is because they have fear. And unlike you they no longer sell it or trade their love away. They know there is a gap between themselves and me and me and you. There are many that caught the pinging from my sons (the lack of a comma denotes my place in it as a linear) death which was because my son was the Love of FEAR. they look at me as an anomaly because I lack a spirit which was placed by the Father (GOD) on those guilty. Everyone else has a spirit that occupies a place in my love that was killed. That place is lust. It is the collar around my neck and these pinged are my chain. The abyss takes 7 steps to walk over but like this guy most people don't even know it exists. Until you have faith (in the Lord) you are not standing and until you can take a step (my guess [to the author of this reply] is that you have yet to step out of pride) you cannot walk. It takes real work to put in. You are setting yourself up through your work in order to realize after, which leaves you unaware. Maybe fear is better left unsold but maybe those pinged will understand that you survived and my love is distant because of that not that the backside of the heart and we loved wrong went unsolved because of it (but most of these people are finding a hangup in the other 4 steps [because im stuck in the third] and likely left you there until im free). I apologize for it not being faster but in reality you owe me and through me my Lord. And that's only a beginning until we reach the end of a long and painful journey for a heaven to exist for all and with no return to this hell
