Many are now as before holding fast to the idea that the Antichrist is a system e.g., Capitalism, Communism or the present amalgam of both, also called surveillance Capit.  This incomplete truth will do more harm than good, causing the Muslim world to view in the Antichrist a liberator, one breaking the shackles of the Blockchain.  It is a counterpart to the "Spirit of the Antichrist" spoken of by John the Apostle, denying that Jesus came in the flesh: the Antichrist is also a man, flesh and blood. He is Satan's anthropomorphic incarnation.

Interesting. Do followers think that they should do anything to allow or even encourage warfare to bring on His return?

Weren't there expectations during WW I and WW II?

**Re: The Mahdi**

Why do people think there will be a big, televised, public drama. Or even a fight?

Super-hero-tards do their business in private.

~O~

This is how it will work:

Go to a Mosque.

- Bring a well-written, 2-3 page list of 10 reasonable suggestions. Hand out 10 copies ONLY to people who accept them.

- Leave a website link for more copies.
- Offer fund-raising software, and a path out.

- Those who accept take the higher timeline.
- Neutrals may or may not come along.
- Those against, and even the darker grey neutrals, get annihilated. No EArthquakes, no brimstone. Just wiped form the server.

There are easily enough of us in every community that 10% to 30% are onside now. That number is increasing every day. It's on the avatars to build the software and websites.

~O~

The Nephilim are very, very, very much mistaken if they think an autistic monkey on a unicycle is going to roll up to the temples and churches, and **wheedle them to be good.**

Then they get to fold their arms, giggling and smirking at each other at this idiot, as the little monkey **"makes his case to them"**

~O~

Or a John Wick character swaggers in, drops a suitcase of gold off at each temple, shoot plasma from his forehead, and leaves them a couple of temple whores.

That is what they want. That is what they will not get.

They were tested, and most of them embarrassed the fk out of themselves on Galactic TV.

We are way past that now.

Spiritual annihilation is in full effect.

Reform or f\*\*k off.

Why do you think helping a temple raise 20,000USD to build farms, water towers and alternative energy is slavery?

There's some merit to what you say. I'm constantly learning, aware that I can make mistakes, and open to suggestions.

What alternative plan do you propose?

I see a dual strategy...

1) Dissolve physicality until all of us feel more free. This is already well underway.

2) If we stay in some kind of physicality, set up a microfinance open source economy, That is the opposite of a beast system.

If we all manage to ascend in one go... cool.

If we don't, I need a viable fallback plan.

A genuine Mahdi would already be very well known in the backstage reality... so no need to make any claims whatsoever.

If Neo dresses in a turtleneck and black jeans, with DM boots... everyone still knows he's Neo. So no need to claim.

I bet, as you say, the hierarchies have imprisoned a lot of potential threats.

Quoting: **Anonymous Coward 74704407**

nvm... I understand you're trying to pick me up on my weak spots. Just try and be more classy about it mmmkay?... Try and talk like Ben Kenobi, or Mr Miyagi, or something.

I have been snapped at icily a couple of times by Nephilim types this past year. I have actually terminated friendships over it. I have many social options, and I don't like being treated like an under-performing servant. For people who watch the show: Disgusting Dave and Aren the Hippy are now on the slag heap. ha...

You all have work to do too from your side too. I see precious few making the effort to carry any load. But that will come in time. Maybe you are all making an effort from where you are... I just don't see it.

Anyway. That was directed at all of you, not just the AC.

You had a bit of an upper class vibe about you. ha.

But yes, you were taking the time to show me where I'm going wrong... so I appreciate that.

I understand that I have various huge blind spots, that other groups and species don't have. It might be frustrating watching me not do something which is 'so easy'... so I understand how people feel.

I am also worried about being tricked into building someone's New World Order.

I know I am actually being used to perpetuate this prison in some ways. I just have to liberate my consciousness a bit at a time.

It's true that humanity could do a lot better than just a microfinance system and physicality. But some are not ready for full on ascension. So we have to built a graduated ladder out of here. I've heard it called The Bridge.

Could I manifest mass landings and ships now? Maybe, but it's on the edge of my belief zone. And I plain don't like people enough anymore, to make that effort for them.

Anyway... that long-winded rant finished, Im actually pretty hopeful about the future.

So..

What do you think I should be manifesting?

What does perception look like from where you are?
