The Anti Christ was conned as well, ha ha.

Quoting: **Utopia 72734647**

Is it still "being conned" if you know you're being conned?

I don't think so.

It's called...something. but not conned.

He was in on it from the beginning.

 Believe in 'HIM' as 'HE' believes in You

This realm is hell, it is 3rd land for duality of opposing forces black and white. red and blue, dark and light. We are only part of influences, but in the end this is karmic prison planet where you are seduced or standing true.

We are only part of influences, but in the end this is karmic prison planet where you are seduced or standing true. </div> <p>Quoting: J SON 7454973</p> <p>Agreed!</p> <p>Humans would like to live on earth as if they were in a holiday resort, but earth is a school (and occasionally even a reformatory!), where they are sent for advanced training courses. So it is not always a pleasant place, and it is not such a great honour to find oneself there. But earth is also a vast field to which the Lord continually sends workers to plough and sow. At the moment, this field is still partly uncultivated, and it will take thousands of years to make it truly productive. Conditions are gradually improving, however, and more and more souls are coming to incarnate to turn earth into a flower garden, a divine orchard, inhabited by the children of love and light. This is why you will only find the true meaning of the time you spend on earth when you decide to take part in this work.</p> <p>"Those who do not put themselves in service of the light necessarily serve the darkness. This is an implacable law. Willingly or not, consciously or not, if you fail to choose heaven, you are headed for hell. If you do not make the decision to climb, you will come tumbling down. You may think: 'The light? Heaven? What on earth is that? I want to be free!' Well, you will not be able to prevent the forces of darkness from coming to dwell in you. Those who seek this kind of freedom will discover slavery. They fail to realize that they are placing themselves under the influence of dark entities which are only interested in exploiting them. They get mixed up in things, imagining it is they themselves who desire and decide, when in fact they are carrying out someone else's business. Most people are like children when it comes to understanding freedom: they believe they are free when they engage in all sorts of unreasonable and dangerous things, which will eventually limit or even destroy them. They open the cages of wild beasts which will tear them apart and devour them. Only the wise know that to be free they must first limit themselves, by placing themselves in service of the divine world."</p>
