But can they understand what to do with the information?

Resolutions where everyone gets what they want are still available. It is not too late.

No, too many loops where i was punished for the bad versions karma, but even altering behavior you all still treated me like garbage, devoted to the idea but shunned the real one standing in your presence.

I can't do another loop because it never works out. I always end up having a nonstop suffer torture experience, then declare who i am, you all come rushing back in, i get locked away in dark void for a millennia or two to come back at the end and rinse and repeat.

But what do expect from people that did whatever they want and then cry for forgiveness on their deathbed.

It's hard to make a heaven on earth with these people whose greed is unquenchable and play victim while living like kings.

This is the Last Loop if we stay humble and play our cards right. The cycle can be broken, it just takes extreme care and sincerity.

Can you feel it?

Quoting: **Anonymous Coward 80209287**

Oh, I most definitely can.. I knew before I felt it though.

You know why? If not, just imagine being in that position, and ask yourself what would being wrong accomplish for you, or anyone for that matter? Besides, ensure the rise to your own demise along with the rest of us on this God damn planet..

Because, apparently nobody left, but you to make sure things are done right around here.
