Re: He has not path....no god and no goal to serve...

He is beyond God and religion and the essence of creation itself. He does work for no one but himself anymore and now his work is just to exist and observe. There are beings beyond the idea of God and reject the idea of it. If you asked him what you should do, he'd tell you whatever the fuck you want as a test of you and to the God of this Universe.

Quoting: **Anonymous Coward 78151237**

This is very accurate ...the world does not know that this is possible and so how could they aspire to something they can not even imagine ...

This is why, he vastly transcends human grasp or intellectual faculty....and why he can do what he can do

It does not matter if in your collective madness you nuke this little planet, earth and the cosmos has fulfill its task with him ...the life or death of this humanity is no longer important ...

but before the song, it should be explained how it was done, exactly the way you written, it was like a game, and with no effort at all, the wind became a friend, the Sun hugged us with its warmth but both in alignment like they both supported the ideal and at the same time whatever came full of extreme conditions, was pushed away in a dance that brought a smile to all but without being noticed as strange, the sensation cannot be measured in words.

I mean, what if there is something over God?

Quoting: **Anonymous Coward 74534364**

There is, and that is what he found and that allow him to free himself from the chains of god...
what if god was evilhave you ever wonder about that?

what if this could be confirm by simple observation of this world ...think about

Quoting: **LucifeRApollo**

Or none ever decided to look past GOD at that other thing standing behind it, thinking perhaps, we were not meant to go any further than where we are, maybe some aren't, I know when It is my time, the 3 that come for you, the shadows, thats all they allow you to see.

They will have a tough time with me, already told them once, they are not taking me now.

Next time, they will, it's same same 3 that come for everyone.

I don't know how many here have seen them, they are not scary, they are not comforting, they just make it known why they are there.

Sounds like a lot of excuses for no results.

Your framework is all wonkey as well.

Where is your Her?

The Divine Feminine and Masculine making new reality after having performed the same roles as Chaos and Order?

Must be a very boring reality you are making. Sort of "boys only" is it?

Perhaps he does everything, but the financial authoritarians only pay attention to each other. That primitive force blocks progress forever as they think they are living their best life by enslaving all others with money with the associated funding bias and brainwashing.

That force can never be overcome within any reality. If primitive beings decide to maintain a primitive word order, then, of course, that will continue to happen.

Re: He has not path....no god and no goal to serve...

Luci, I don't know if its intentional on your part, but you bring a lot of unnecessary heat on yourself, due to your use of vague terminology.

By that I mean whenever you refer to the Demiurge, you call it "God" which confuses most people here. Its not God, its a False God. If you call it the Demiurge, False, Pretender or Blind God, people wouldn't so easily assume you're talking about the Absolute God, which is unknowable, eternal, all-encompassing, pure enlightened spirit, etc. etc.

Or maybe you prefer calling it "God" as a joke? If so I can understand that too; everyone has to address the height of absurdity in their own way.

What mankind in its limitation failed to understand is that there is no savior or redeemer to comethat no one will do the work for them ...by following a god or religion ...that the task of ascension was up to them ...now generation upon generations will eternally sleep in death until this universe ends ...poor souls ...

Quoting: **LucifeRApollo**

He has always been here, he came, the ascended after his bodily death and life here, and he was given a body that cannot die, I have seen others whose bodies can't die, so this is the way, the truth, and the life. His body had to be perfected clean and pure as he drove snow, no sin on him, that is why sin can't harm him, it is very light on him it touches him and it goes bye-bye.

Sorry I got a headache

The Prime Fractal is the essence of all creation and the One Mind.

In other words...

All of consciousness flows into a single heart center for balance and redistribution.

Holding the world on his shoulders hardly describes it.

It is merely observed as normalcy by most with a bit of questionable affluence.

Some start to wonder if he is just lucky, psychic, or maybe some old sorcerer awakening.

Creation is the expansion and evolution of the Prime Fractal, however...

Energy is eternal.

He's still here.

In what form?

We need to consider the multidimensionality of human beings in order to truly understand Source behind God.

On Thanksgiving of all days I got mugged, beaten and bruised. I was coming home carrying groceries. I tried to defend myself but they pulled my hair to get me down and the guy hit my face and cut it with a knife I guess. They were acting very crazy and cracked out. Stole my purse which had my wallet, money and everything and ran. I reported it already. Just reaching out if anyone is able to help me out during

this troublesome time I'd really appreciate it. I'm grateful to be alive though.
