You forced us to do this.

There are decent people here, trying to figure things out, and chat on a rainy winter evening. You guys are screwing that up badly. Even deleting microfinance threads.

So you may take your TOS, roll them into a cylinder, and...

~O~

All challenges accepted, BTW.

Do you want to challenge me?

How original, a web scraper...NOT.

What comes first, a cease and desist from the GLP Owner or a couple of DMCA complaints to Github, Mr. Web Sleuth?

Do that and I resurrect the AMC / Heeren Loo liens, only much, much harder.

Then I'll stick it up on megaupload, or where-ever. Only takes me 1 minute to zip it and move it...

It's your own fault for treating us like lab rats.

Challenge me. Death match. Any time.
