The other thread got nuked, again.

Too much truth at one time by that Q tARD Rider guy, as soon as he posted that last post they yanked it immediately.

Quoting: **Anonymous Coward 20001229**

That is half the game isn't it?

Make them think they are cleaning up here when the real intel is posted at another site altogether.

Bait them out with offerings to see what it is they have to delete. That is how you know what kind of corrupted they are and who directs them.

None of the straight up intel can be posted here for long so most of it is

hosted at another site which cannot be named here.

It is hard to find unless you are getting guidance and "he" can't even go there because they are watching him at all times.

He knows he is bait and acts accordingly.

He is giving everyone else cover to do the work while head leads the distraction.

That is my take on it.

He = that guy maverick (face cgi'ed)

Getting bu** f****d in the background with someone else's face cgi'ed is considered distraction or his work?

oh, it's the cover for the work being done by everybody else... ok, so the work is trying to kill someone with bugs.

That's really a capital crime, not work... If you think that is work, you should have stayed in school and learned how to do something that won't get you in big trouble.

When you work for pimps and murderers you're going to get busted sooner or later, especially when there is no statutes of limitations for this type of crime.

You should check their records and you will see that the top 3 morons have already been given the death penalty for crimes such as serial murder and war crimes that are still enforceable.

Billy got triggered.

Didn't take much.

Only an Agent would have been triggered by that post. No one else would have given a rats ass.

Re: Anomaly tards we ride...

How does anyone who claims to know about him know?

Simple question.

The answer logically involves spying on a person without their consent. Yet these people seem to Judge him...

when they are criminals themselves both legal and morally.

Anyone willing to confess they were spying on him and which method they used?

Quoting: **Anonymous Coward 78110515**

The us gov. intel.
they respect and care about nothing
but money and sex

and they if they can't have yours
they lie, inmate and try to steal identities

Quoting: **Anonymous Coward 84206419**

**So you are saying
all the people who claim to know all about him
are govt intel agents?**

They used surveillance equipment
to observe him?

Which types of surveillance equipment?

Nothing that was done to observe him was legal.
Anyone who viewed that material
is an accessory to a crime
under the western legal system.

Quoting: **Anonymous Coward 78110515**

As if the limited surveillance
that he's currently under isn't enough,
before it was worse,
**his very private life was on display
for many high-paying people to see
as if it was a movie.
He wasn't spared even in his bathroom.**

One can imagine how the common people are treated,
like him and worse.

under assignment of The Mightiest Secret
who's looking forward to The Job...**
