The anomaly and his girlfriend ...the end of the reincarnation cycle ..

She has conspire across the ages and many reincarnations to seek him and entrap him in her web of so call love, many times she has succeeded ...obsess with him, she takes bodies after bodies as he moved across reincarnations lives, times ..birth and death ...

She knows he is in his last life and about to ascend out of the third dimension ...she will make her last stand for her and the universe for if she fails mankind and the cosmos will end in his exitfor once he becomes a stellar man she will never reach him as he will no longer be in the planes of matter and denseness

She did her job and hold the One hostage on earth as long as she could ...entangling him with family, kids, wealth, power, kingship and other times with poverty, ignorance, suffering and darkness ...

For he has been all things both emperor and slave ...

I'm compelled to ask, what's the difference between this anomaly and those that ascend?

I got free of want but I'm fairly confident I did it thinking we're all the same and going to eventually do it at different 'times'.
