Wrath is of liars, thrives and murders.

I don't get angry when I mow the lawn, do you? Jobs have got to be done.

Dimensional streams

It's like a big river all the way up to heaven

It's guarded by the fiercest demons

The demons hands are full of iniquities but their right hand bears gifts

We are all vessels

I tell ye the truth it is a world of spirit

If you have the eyes to see  
 And the ears the hear

Do you hear what I hear?

Way up in the sky?

What is the meaning of the name Yamin?

The name Yamin is primarily a female name of Hebrew origin that means Right Hand.

The penalties offset, yes

Water over the dam and replay 4th down

And to that other ac, flesh suit for the fallen and their soldiers

Say it's true, what of it ?

Are you familiar with possession by disembodied entities

Have you been both the one performing an exorcism and then some time later being possessed yourself needing a whole team of healers

Why so much fear of darkness when it can be so quiet and peaceful ?

Because God(s) made you and your brethren of the seed and bloodline of the Woman

Then there is a much smaller family line of reptiles, it's in our blood, our soul

So if you go deep enough say, a reptilian priestess decides to go all out on a shapeshift spell she could very well 'bring out the demon within'

Cain & Abel

Do you fault a snake for being snake ?

Dragons love to sleep. They can sleep for centuries, all wise. All seeing and all knowing

Whilst the red dragon sleeps, his eye remains open and searching with intent

Literally become the dark lord, Sauron or Saturn, predominantly and his son his Typhon just newly created :o

And the Moon

Which is a subject all its own for our current power structure and the divinity of Women being suppressed during the age of pisces, the age of water, the age of woman will not be overlooked

Bright light can give me cluster headaches or migraines and it's been much more

concentrated and severe lately

My kid sister(have two half sisters too, one older the other the youngest) stopped me and reminded me that the lunar eclipse is starting

Her words somehow opened my 3rd eye and indeed I could see the moon was stranger and scarier than usual

And!... I decided to perform my meditation slash ritual of drawing down the moon

Within minutes a guest arrived, no clothes, no hat barely visible with pineal sight

He asked if he could borrow my vessel, very cordial despite my obvious situation, if being at the mercy of this god that came through my niin gate. Holy fuck who the fuckin fuck can expect something like that, even if they are wide awake tee hee

There's so much happening now I can't think, hear or speak

I'm in a trance like state these days

Look how much this anomaly thing evolved over the past 13 years

I mean, fuck man lol.. "gone too far" doesn't quite cover it

Genetically engineered super human who broke free from his mk ultra mind control.

They thought he was a failed experiment... They couldn't have been more wrong.

Now they will pay for their transgressions against nature and God.

Same tech that they used to open comms to some place is what they employ here.....

You think they gonna switch it off?

Can they?

I see your mountains and tunnels..

Gates, it would be interesting, but your tech??

Hmmmmmm.... Trust?

Choice?

I think you need a superhero either way

The Anomaly was an event that occurred when the "somebody" realized they were "nobody" and thus the "wrath" dissolved before the Truth of Pure Love.
