The Anomalies are being Headhunted and Quarantined at the same time...

Laughing out Loud!

Must be weird for everyone.

Kind of like knowing that Mandela will be out of jail in a couple of months, and emailing him.

Daozen appears to be mentally impaired, but harmless.

Re: The Anomalies are being Headhunted and Quarantined at the same time...

Here is something to consider:

There comes a point in your working life when you don't have to take jobs cos you need them.

One day, you might only cos you want to.

You have enough money, and only take freelance work when it suits you.

We can call this an Inflection point.

For some, that inflection point comes when they have 2 million USD, a house, wife and a car. They think.. screw it, Im only working freelance now, when I feel like it... **with people I actually like.**

For others, they may need 50 million USD before they work-for-fun...

Other people may have a much lower inflection point.

For a single guy in SE Asia, storing all code for free on Github, the inflection point could be as low as 3 grand per month. Relatively miniscule.

Hark, look above... the portcullis chains are creaking...

errrrrrrrkkkk

^ *sound of chains*

What do you mean?

Is that obvious to everyone? ha.

Think how weird it is on the ground.

Trying to figure out the bizarre set of rules everyone is being held to.

I feel like you are light years behind . That doesn't mean you don't catch up in time :)

I feel the same way about you lot.

Have the combined brains of Silicon Valley figured out the homeless or dog mess problem yet?

Have the intellectuals of the world organized a half-effective trash collection program yet?

Have the geni of GLP designed a microfinance system for the dispossessed yet?

Thrice Nope.

Ha!
