You should start to feel a new energy emanating form your Lower Dandien / Naval Chakra / Core of your BeingThe Two Janitors

[Report Abusive Post](#)[Report Copyright Violation](#)**You should start to feel a new energy emanating form your Lower Dandien / Naval Chakra / Core of your Being**

This dream-reality is broadcast from the center of our beings.

The chakras should start to sing a new song.

Im feeling it in my Naval Chakra especially, which is where true physical change takes place.

You can have all the thoughts you want in your mind, but your reality won't change deeply unless the heart/solar plexus and naval chakra follow suit, and start broadcasting a more loving reality...

Maybe this is related to what happened at Coral Castle a couple of nights ago. You can think of it as the Dark Crystal being retuned and upgraded.

When you walk out the door, your local area should feel a little more magical. Find your tribe, and find New Paths and Adventures.

Good work Everyone...

Opening chakras is dangerous, and occultic in nature. It will open you up to demonic spirits. Kundalini awakenings (serpent energy), opening chakras, yoga, repeating mantras and occult meditation.....all very dangerous.

Shiva the destroyer is the demon god of yoga, stay away from that stuff for your own good.

I do not quite see them as dark. Just lower in emanation, and closer to physicality.

If the human body/solar system, is a harp, or guitar... I guess the lower ones would be the bass strings.

They absolutely need them to be synced, sure.

Is it like a twitching?

Quoting: **Gargantuan Tarantula**

Could be different for each person. But in general it should be pleasant and positive.

I just feel a calm, relaxing outpouring of benevolent energy from the center, to the outside.

Like a bad, malfunctioning server has been taken down, and a good one installed.

Anyone can think positive thoughts, but for real success, you have to emanate positivity from the lower energy centers too.

The human guitar must be in tune.

If the serpent is so horrible...

Why did your hero Moses carry a staff with a serpent on it.

Why did God send fiery serpents into the desert when Moses's people lost their way?

Seems like your God likes serpents no?

Or have you been tricked into worshipping Satan?

We know, **We saw you steal the idea off 373**. He talked about tuning his chakras and even gave specific frequencies to allow 8 octaves to your "instrument".

Just more stuff from those deleted threads.

The Sexual chakras allow people to connect and have an open mind.

You might want to try them some time. It might allow you access to the sexi-verse.

No one is opening anything.

Every human being has energy centers.

The song coming from them is changing...

Humanity is starting to learn a new song...

If you think singing to creation, and stretching our Creator-given bodies is very dangerous, you must be unhappy.

Are you telling me this first song is evil, and the second good?

Poor child of winter and poisoned berries.

Can you not enjoy creation awhile?

Peace.

I'm not stealing his idea. Credit to him for patiently teaching this to myself and others over 2 years. His posts are freely accessible on GLP search, and I recommend them highly...

That said, the idea that the universe is a harp, is not exclusively his. Though he ha certainly shaped my understanding.

Is that sufficient acknowledgement for you?
