Do more than expected, take less than allowed.

When dealing with a friend, if you aren't getting the short end, you're doing it wrong.

Re: A DAILY REMINDER FOR THE ENEMIES OF GOD

Im pretty certain god has no enemies. Thats why he had mercy on you. Its your choise to be enemies with god when he clearly states no gays, no fats, no fems, no bottoms, no tits, no tats, no guns, no drugs and certainly no murder.
What you do with your time is always on gods apple watch and he has the coolest apple face you will always be in gshock cause what you people dont know is that god is a woman and he is sexually fluid. That is why water has memories. You are having sex with god every day when u molest water into your silly jelly bellies. And as far as im concerned its impossible for you to rape a victim if sex is the most pleasurable gift god can you to network and connect with your fellow sinners. Only one thing is certain god can save us all if you choose to decide to follow his commands. For example jesus died on the letter X which means if you stay with bad ex you are dishonoring jesus magic which allows all humans free will to sex and cheat with one another as

often as one chose. The best part is when you decide that sex isnt right for you, you spread unholy memories to water every single day and that is how dinosaurs shared the same earth with you. A dinosaur is made in the image of man after many curses and disloyalty to waters ability to retain memories. Sex with water is great but you have to understand to ask the water for consent first because unlike its pronouns, water is gender fluid and does discriminate towards wicked men who have sinner multiplier counters on their soul. In order to convene with the water you must get diarrhea once in your lifetime to expel the sacred satan anus hole energy which is actually Lucifer's key. Lucifer owned pandoras box you see. And what had happened was pandoras box actually contained Lucifers mind. His mind was sealed into a box the moment he left heaven because each soul departing from heaven splits into one spirit and one black box. From there, any spirit interwoven into physical form conjures a soul which is basically a living cord that connects to pandoras box whether opened or not. The mind will always return to the box when huge shifts occur such as death or growth. No matter what the black box is the only physical gift you can take into heaven which transmutes at heavens gate. From there the black box is returned to gods amazing shelf where he handles all his children. Beyond all that, there is secret cellar from earth that leads to heavens kitchen and the only way to travel through it is by killing one goat and one lamb in what appears to be a fireplace thereby unlocking the black and white tile that leads to the hidden glass elevator which connects the secret cellar to heavens cafeteria. The kitchen cafeteria is open concept. Heaven has walls but they are made of sequins and sparkles.

Re: A DAILY REMINDER FOR THE ENEMIES OF GOD

God doesn't see anyone or anything as enemies, because God is pure love.

God is not human and doesn't think or act like a human.

We humanized God to behave badly like us to judge and anger easily with vengeance.
